

Chamber Charges City Discourages Industry

The Industrial committee of the Chamber of Commerce accused city hall and the city council of discouraging industry in the Upland area.

The committee in a luncheon meeting held Monday had "buzz" session where the bringing of industry to Upland was discussed. It was agreed by the group that anyone wishing to locate a business in Upland had such a hassle with the city departments that they became discouraged, and that industry was discouraged by indifference of the city and by

the zoning laws, with so many restrictions. It was agreed by all that "no one helps the stranger in town" and there should be more cooperation by the city and the city council.

Several businessmen cited the cases where businesses had obtained approved building permits, only to be told after they had started their buildings that some restriction was violated and they couldn't go on with the building. The sign restriction also came in for some criticism.

After the "buzz sessions" a

Gene Block

set of goals were drawn up for guidelines for the group and plans were made for more industrial meetings.

Some of the goals are:
--Better business climate for community

--Updated list of available buildings and property

--Research current land and zoning

--Chamber committee working with the city council and planning commission

Gene Block, chairman of the industrial committee, chaired the meeting. Harvey Stone, president of the Chamber introduced him and welcomed guests.

Chamber of Commerce manager, Tony Malone, appeared at Monday night's council meeting voicing some of the opinions out of the noon meeting and asked steps be taken to have better liaison between city hall and industry. "Guidelines are sorely needed," he said.

He asked a representative be

appointed to work with the Chamber and City Hall on helping new businesses and industry locate in the city, because at this point there seems to be a lack of communication. Council members asked Elwin Alder, city manager, if steps could be taken to alleviate the lack of communications and he replied they had been taken that morning.

After some discussion, Councilman James Christensen, was appointed to the committee as representative of the city council.

FLOWERS FOR THE FESTIVAL--Girls from the Lochlomands Senior Service club of Upland high school will sell paper posies in their booth at the Festival of Arts. Getting in practice are Cathy Williams, Jill Rossitter, and Vicky Penny.

Festival Of Arts Blooms On Mall

Upland will take on a festive mood on Sun., Nov. 24, when the mall will blossom forth with the West End Symphony League Festival of Arts.

"Something for everyone," will be the theme as 30 gayly decorated booths manned by young and old, tempt the browser with pottery, paper, posies and peanuts.

The festival will open at noon and continue until 10 p.m. Early Christmas shoppers may well fold up their lists and contemplate a Merry Christmas, after they have made a purchase here and there.

Besides, the booths, there will be sidewalk exhibits and continuous entertainment from 1 p.m. to 10 p.m. when a street dance will close the eventful day.

Some of the participants are artist Audrey Scharf who will draw pastel sketches. Potters Jesse Groendyke and Bill Ashton demonstrating on the pottery wheel. Lowell Batcher and Mary Ann Gravit conducting a

booth featuring woodturning and stoneware.

Clubs and organizations taking part in the festival are The Sienkows; The Kona Kuwanas; The Lahna Kals; The Volunteers; Upland American Field Service; Chaffey American Field Service; A - Wan - E - Horizon Club; The Assistines; The Cherlianas; The Lochlomands; The Valkyrs; Upland Kiwanis; The Garland Rogers Memorial Pavillion Association; The Cheviotes; Native Daughters of the Golden West; Chaffey Art Association; The West End Symphony Orchestra Association; Girl Scout Cadet Troop No. 1123; The 'S' Club and The McLachlans and the Student Council, Key Club and Zonta Club of Ontario high school.

The West End Symphony League plans to make the festival of arts an annual event. Open to the public, donation is \$1 for adults and 50 cents for children and students. Proceeds will benefit the West End Symphony Orchestra Association.

Festival Schedule

Entertainment for the Arts Festival will be furnished by the following groups:

1 p.m. - Larry Holguin and the Barons with Diane Baird;
2 p.m. - Doris Ivins' Interpretive Dance Group; 2:30 p.m. - West End Sing Out Strike Force; 3 p.m. - General Dynamics Pipe Band; 4 p.m. - Brass Section, Ontario Symphony Orchestra; 4:30 p.m. - The Garden Gate; 5:30 p.m. - The Detached Contact; 6 p.m. - The Jay Veas; 7 p.m. - Harve and Rose Edwards Mt. Baldy Folk Dancers with the Montclair Recreation Folk Dancers; and at 7:30 p.m. - Street Dance featuring Jerry and the Uniques.

Park-Rec. Group Meets At Museum

Trying out a new format, the Parks and Recreation committee will hold its meeting at the Upland Museum, 525 W. 18th street, at 4 p.m., Mon., Nov. 25.

The group decided at their last meeting to go to various sections of the city for their meetings rather than meet in city hall council chambers, thus giving the public a chance to air their views with the committee.

A review of the park bond proposal will be taken up as well as the proposed move of the teen center from the old Justice building to the fire station, according to councilman Ronald Rossitter, chairman of the committee.

The Upland News Will Be Delivered Thurs. Next Week

Your home town Upland News will be delivered to your doorstep next Thursday, Thanksgiving, instead of the regular delivery day, Wednesday.

The reason for the change in delivery date is that it will permit the publishers to include a special section on the formal opening of the holiday season throughout this area, including both advertising and interesting Yuletide stories.

Please remember that you'll get your paper on Thanksgiving -- the following week we will return to our regular Wednesday delivery schedule.

Seek Public Hearing

SHD Requests 1-Way St. Between 7th-8th

Consideration of making Second avenue between Seventh and Eighth a one-way street will be taken up in a public hearing by the city council at an adjourned meeting, Tues., Nov. 26, 7 p.m. at city hall.

The matter came up at Monday night's meeting when city manager, Elwin Alder, told the council the State Division of Highways had requested the council go on record as making the street one-way. If the city would guaran-

tee this, the state would consider changing the off-ramp of the freeway back to Second avenue rather than the proposed outlet on First avenue.

Interwoven in the matter is a request by Arthur Lawrence, owner of two lots located at the Northwest corner of Second avenue and Seventh street. He seeks to have the zone changed from commercial professional to commercial highway. His request was denied by the Planning Commission. Council members continued his hearing.

Council members agreed that a public hearing for the property owners in the affected area was in order rather than making a hasty decision.

Council members said they thought the State Division of Highways was out of order in asking

such a hasty decision and indicated they were favorable but declined to be committed until after the public hearing.

In other business, the council --approved a zone change for approximately eight acres on the south side of 17th st., with the west line located 14 ft. east of Redding way. It was requested by Harold Stewart.

--approved two conditional use permits for restaurants, Pancho's to be located at the northeast corner of Mulberry and Foothill blvd., and Betsy Ross, to be located on the south side of Foothill blvd. and east of Mountain avenue.

--awarded bid to Dietrich Truck Co. in the amount of \$28,191. It was the second lowest bid out of four.

OFF TO CABORCA -- Councilman and Mrs. Ronald Rossitter load their trailer for a trip to Caborca with the Sister City group. About 12 units are making the trip over the Thanksgiving holiday. Rose bushes and a Jacaranda tree from the city will be given to the town as tokens of friendship.

What's Doing In Upland?

If Police Chief John Wessely is smiling more than usual these days, it's because he is a proud grandfather again. His son John, has a new son John and of course grandpa is John. It's enough to confuse the family. Two years ago daughter, Lou Ann got in on the act by naming her new son Michel John.

To unravel the confusing situation, grandpa John has the middle initial of A., son, John is named William for his second name and the new grandson is named John Joseph. He weighed in at San Antonio Community hospital at 7 pounds 7 ounces, and has already been down to the police station to check how things are going with grandpa. In fact, he and his cousin, Mike paid an unofficial visit the other day and liked what they saw, grandpa.

Mike's parents are Mr. and Mrs. Tucker Williams, and Mrs. Wessely is just as proud of her

grandchildren as the chief. All of the Wesselys are looking forward to happy holidays with the two grandbabies.

Teen Center

The city council approved funds in the amount of \$4,000 for improvements on the old fire house which is to be used as the new teen center.

The remodeling work will include closing the two large doors to make a game room, adding a restroom, adding and changing some lighting, closing back door and basement, and the building of an outside patio with outside lighting.

The teen center will be moved shortly after the remodeling work is done. It is now located in the old Justice building.

Parents To Continue Crossing Guard Fight

After being told "No," by the city on a crossing guard at San Antonio avenue and Seventh st., Citrus' parents plan a meeting, Nov. 26, 7:30 p.m., at Citrus school.

In addition to the "no," on the crossing guard, the city suggested the parents take up a collection from parents of children who use the corner and hire their own crossing guard.

Mr. and Mrs. Charles Hoffman, and Mrs. Jan Hunter, representing 609 parents attended the Wednesday afternoon meeting held in the council chambers.

Representing the city were Councilmen Zella Stone and Max Hawkins, of the street and light committee, Police Chief John Wessely and Elwin Alder, city manager.

Chief Wessely presented figures in which the criteria for hiring a crossing guard is set forth which is based on a study made by the American Institute of Traffic Engineers. It deals with children crossing in cluster groups and in traffic lags for cars. It is technical in nature and has been used by the city since it was adopted several years ago. The Chief said it was uniform, equitable and consistent. The parents contend it is technical and does not allow for any "special circumstances."

Hoffman said, "No one would argue with the formula in theory, but we are discussing actual conditions, not theories."

After a heated discussion over the criteria, it was pointed out to the parents that it costs the city \$1,224, yearly to hire a crossing guard and there were 40 or 50 requests for them.

In rebuttal, Mrs. Hoffman and Mrs. Hunter, who said they had conducted a survey of the schools, doubted there were that many requests since many children were bussed to school.

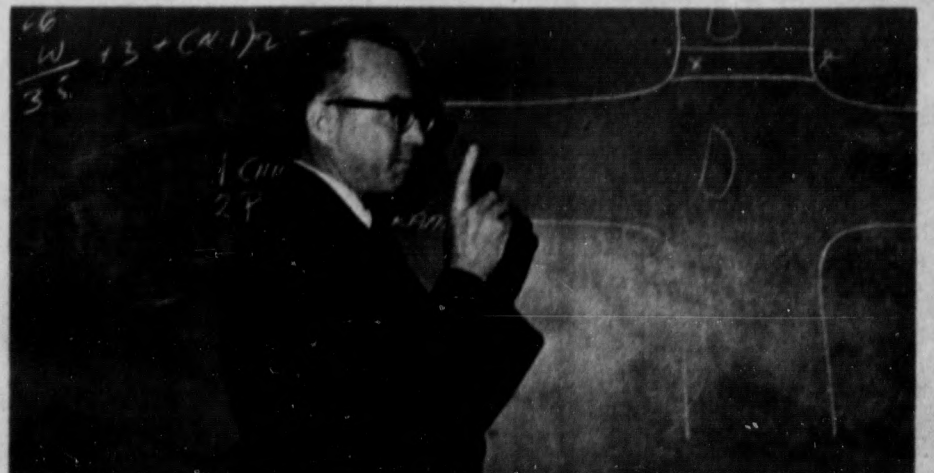

Councilman Hawkins said, "There are a lot of dangerous corners in the city and we can't have guards at all of them."

Hoffman replied, "That's an ostrich-like approach. Our corner has special needs."

Alder suggested that "if the people provided the money, the city would train a guard and provide his equipment."

Hoffman replied, "If we go out and raise money to hire the guard, people are going to ask what the heck they are paying taxes for."

Hawkins then told the parents that the Upland School Traffic Safety committee had turned down the request for a guard because it didn't meet the established criteria, and that's the way I have to think, too," Mrs. Stone said, "I'll have to concur."

CROSSING GUARD--Discussing the need of a crossing guard at the intersection of Seventh street and San Antonio avenue is Charles Hoffman, one of the 609 parents who signed a petition requesting a crossing guard. He, along with Mrs. Hoffman and Mrs. Jan Hunter, appeared at a special meeting of the street and light committee to discuss the problem.

Blind Upland Coed 'Finds Way' Around The Campus Of Cal Poly

"Everyone has their own thing to do."

This is how Betsy Palmer, one of the three totally blind coeds at California State Polytechnic College, Pomona described adapting to the college campus.

Winding her own unique footpath through the sprawling campus, the 18-year-old social science major explained that each blind girl has "her individual system" of travel and study.

Introduced briefly to the college grounds a few days before classes began, Anna Holler, Jan Johnson and Betsy Palmer recalled recently how as blind students they adapted to Cal Poly.

The day before school started last spring, my parents and I walked over the campus, said Anna Holler, a junior social science major from Pomona. The next day, I was on my own.

Guided by familiar sounds, her cane, and occasionally a student, she managed to find her classes.

"The school for the blind gave me independence," she said. "After all, when I enrolled in the school I was only five years old, and 500 miles away from home."

"There always seems to be a friend going in my direction," she explained. "I think I've used my cane only four times since I've come to Cal Poly."

Jan Johnson, now in her second year at Cal Poly, is the dare devil of the three girls.

The 19-year-old animal science major charges through the campus with a determination few challenge.

She and her mother toured the school several times before she started classes last year.

Aided by Glenda Gimble, a resident adviser at her dormitory, she slowly learned the footpaths she would be using to travel from class to class.

Four weeks passed before she was able to "go it alone."

Now she is an old hand at getting around. "I must have some in-born thing for speed," she said. "People tell me I walk too fast. At times I even like to run."

Using a collapsible cane that neatly folds up when not in use, she quickly finds her way around campus.

Troop 1023 Ceremony

In a recent candle lighting ceremony at Central school, eighteen Junior Girl Scouts of Troop 1023 were rededicated and received one year membership pins.

Two new girls were also invested into the troop from the Spanish Trails Girl Scout Council. They were Sandra Van Antwerp and Mary Ann Robertson.

Those girls, under the leadership of Mrs. Jack Mills, receiving one year pins and rededication were: Caroline Owens, Gigi Redick, Denise Smith, Debbie Daniels, Sharon Trobridge, Vicki Barney, Cheryl Parsons, Rhonda Evans, Donna Corner, Kim Whitaker, Evelyn Wise,ileen Mills, Jill Carey, Sherry Banta, Mary Kinder, Pam Purtle, Janet Purtle and Carol Gomez.

Upland Girl Star In Cal Poly Play

POMONA -- Mary Doblick, a 22-year-old English major Junior, daughter of Mr. and Mrs. Raymond Doblick, 1715 N. First, Upland, plays the role of "Maggie" in the controversial Arthur Miller play "After the Fall."

The play will be presented Thursday, Friday and Saturday, Nov. 21-23. Ticket information is available by calling (213) 964-6424 or (714) 595-1241, extension 466.

The word "impossible" does not seem to be a part of her vocabulary. "I like to do things that are exciting and fun," she said.

Like the other two girls, her favorite sport is swimming. But, she also enjoys riding horses. Recently she has even learned to jump the horse. With the instructor guiding her, she jumps the Cal Poly Horse Arena.

Both Miss Johnson and Miss Palmer are water-skiing enthusiasts.

"I can ski on one ski,

but I stay up a lot better on two."

To all three girls, independence is an important goal.

"The only way the college has been able to help the girls is in helping to arrange readers for them," Dr. Mary Etta Selle, dean of women, said.

Studying with tape recordings, readers, and occasionally Braille text books, the girls need students for the time-consuming job of reading to them.

One of the girls has suggested to the college that facilities be made available in the library for them to study with their readers or use their tape recorders.

When Miss Johnson enrolled in Cal Poly, she planned to go into breeding and training animals. Her interest has shifted, however, and she is now considering a career as a translator.

Miss Johnson is the daughter of A. L. Johnson, 1778 N. Second ave., Upland.

STUDYING IN QUAD -- Jan Johnson of Upland is shown studying between classes in the engineering quad at California State Polytechnic College, Pomona. One of the three totally blind coeds at the college, Miss Johnson takes notes in classes with her Braille typewriter. In the above photo, she is shown going over some of her notes and making corrections.

Farewell Night Held For Upland Chapter OES

Miss Suzanna Bradley, Worthy Matron and Robert Prest, Worthy Patron presided over Upland Chapter for Farewell Night. New officers were installed Nov. 15. Three new members were welcomed, Florence Phillips and Gladys Anderson by initiation and Harriet Largent by affiliation.

Mrs. Wm. Wallis, Deputy Grand Matron for 1968 and Mrs. Bess Petersen Past Grand Matron from Minnesota were escorted and seated in the East. Mrs. Irene Furlone, Deputy Grand Matron for 1969, Mrs. Neal Henderson, Mrs. Eva Stone, Mrs. Elizabeth Carver, Mrs. Arthur Philbrick, Mrs. Wm. Morrow, Mrs. Maude Graham, Mrs. Alta Lawyer, Mrs. Eleanor Smith, Mrs. Merle Kough, Miss Eunice Mitchell, and Mr. and Mrs. Ted Crooke, Mr. and Mrs. Ronald Rowe, Mr. and Mrs. Max Russell, and Mr. and Mrs. J. R. Thrasher and Mr. Theodore Carow, all Past Matrons and Past Patrons of Upland Chapter were escorted and introduced.

Also introduced were 8 Worthy Matrons and 4 Worthy Patrons from visiting chapters and 2 Past Matrons and 1 Past Patron from other chapters. Mrs. Elizabeth Carver was presented with a certificate for having been a member of the Eastern Star for 25 years.

During the business, Harvey Wilkin, was elected to serve as Worthy Patron for 1969. Reports of Grand Chapter were given by Suzanna Bradley and Mrs. Anthony Barone, Associate Conductress, who reported that the Order of the Eastern Star is the largest Fraternal Organization where both men and women belong.

Birthdays were noted by Mrs. Barone, Mrs. Roy McCray, Mrs. Archie Robinson, Mrs. Ira Francisco, Mrs. Carver, Miss Bradley and Mr. Prest. Following the meeting, Miss Bradley and Mr. Prest, wearing sailor hats, were escorted by Mrs. Wm. Klatt, Marshal, to all the officer's stations where each officer gave them a gift to bid them on their way to Timbuktu, while Mrs. Henderson read a description of the trip. Mrs. Floyd Kellner sang, "Beyond the Reef" as they returned to the East.

Mrs. Wm. Morrow presented Miss Bradley with a gift from the Past Matrons of Upland Chapter and invited her to become a member of the Past Matrons.

Fun After Fifty Announces Tour

The Upland Fun After Fifty Club will leave the A and P parking area at 8:30 a.m., Dec. 11 on a tour to the Pacific Telephone Company Complex in Los Angeles.

The group will visit the TV control room, the traffic office and plant, lunch in Los Angeles and visit in that area in the afternoon.

Further information may be obtained by telephoning 987-3400 or 985-4272.

CITRUS VOICE CHOIR -- Members of the third grade voice choir at Citrus school follow director Kim Cook in recitation of "Books." The choir was part of a National Children's Book Week program put on at the school. Choir members are (back row) Mike Williams,

Marian Johnson, Sherry Eix, Pam Frye, Melinda Hoffman and Ricky Duvall; (front row) Sherry Hurndon, Valerie Vandon Heuvel, Melinda Clark and Stephenie Lucas.

BOOK WEEK PLAY -- Citrus school third graders present "The Lad and The North Wind" as part of the celebration of National Children's Book Week.

Appearing in the play were Mark Lehman, Douglas Miranda, Jim Moore, Mark Hale and William Evans.

MONTCLAIR QUARTERBACK Gregg Campbell uncorks a pass before Ganesha defenders can get their hands on him or the ball.

JAMBOREE OPENINGS ANNOUNCED

There is still room in the Old Baldy Council's contingent headed for the 7th National Boy Scout Jamboree at Farragut State Park in Idaho, July 16-22, 1969.

Sixty Scouts, Explorers and adult leaders will attend from the local Council. Information and applications may be obtained at the Scout Service Center.

The rattlesnake shakes its tail about 48 times a second.

BOOK WEEK POSTERS -- Finishing up their book week posters are Citrus school third graders (from left) John Authalet, Tom Dryden, Diane Kessler, Carol

Jarmillo, and Dawn Prastitils. They made the posters in observance of National Children's Book Week.

Assistance League Rummage Event

Rummage will again be made available to all interested persons in the community on Saturday, Nov. 23 between 10 and 2 p.m.

The affair is sponsored by the Assistance League of Upland, a chapter of the National Assistance League. Everyone is invited to come to the

League Center at 8593 Archibald avenue, Cucamonga to make their selections from the many and varied items being offered.

Chairman of the event is Mrs. Maurice Johnson, assisted by Mrs. Paul Gardner Jr., co-chairman.

Magnolia PTA Meeting Notes

Magnolia elementary school PTA held its first meeting of the year last week and parents had an opportunity to meet and hear the new district psychologist, Dr. Stan Pace.

He gave a general background of school psychology as related to learning readiness, parent pressures on children, special educational needs, and the necessity of parent help to meet the children's needs.

Sierra Vista PTA Musical Event Set

"Sing Out" West End will offer the PTA program at the Sierra Vista Elementary school multipurpose room tomorrow at 7:30 p.m.

Besides the lively, toe-tapping singing a short film on "Up With People" will be shown. The public is invited to see the "West End Strike Force".

After sowing the lawn, store any leftover grass seed in non-rusting metal cans with close-fitting covers. Stored in this way, it will keep until you are ready to use it again.

GO PLACES WITH BOOKS -- Celebrating National Children's Book Week at the Upland Public library were David Griffith, 7, Jean Landsdram, 9, Sandra Myrick, 9, and Alyce Griffith, 10. They all agreed the public library was a good place to find the books they enjoy.

Health Group To Consider Youth

"Alienated Youth" will be the topic of James Randles of Upland, at the November 19 program of the West End Mental Health Association.

As part of its continuing effort to involve the public in the problems and solutions of everyday living, the Association has invited area residents to attend the 7:30 p.m. meeting at the Ontario YMCA.

Randles, a graduate of USC, is a former Los Angeles County probation officer, teacher, and researcher for the California Department of Employment. He is currently conducting a research project under a Federal grant at Ontario high school where he is investigating systematic sociology.

Randles' theory con-

tends, "There is a likelihood that the increase in the size of a population tends to make it more difficult to associate with other people. For example, as a high school gets larger it may become more difficult to make friends. We suspect that the increase in high school attendance, both in numbers and percent, is systematically alienating a portion of our youth."

Baldy View PTA Members Will Hear Psychologist

Baldy View PTA will hold its General meeting Thurs., Nov. 21 in the multipurpose room at 7:30 p.m.

The program will feature the new Upland School District Psychologist, Stanley Pace. There will be a question and answer session.

Refreshments will be served by the sixth grade room mothers.

Hospitalization

Americans pay on an average of \$37 per year for hospital bills, but about 145 million persons in the United States are now covered by some form of hospitalization insurance plan.

Cabrillo PTA

Cabrillo PTA will hold its meeting, Thurs., Nov. 21, in room six and eight at the school, 1562 W. 11th St.

Featured speaker for the evening will be George Shilens, recreation director, city of Upland. He will give a report on the summer recreation program. A question and answer period will follow.

Children's Book Week Underway

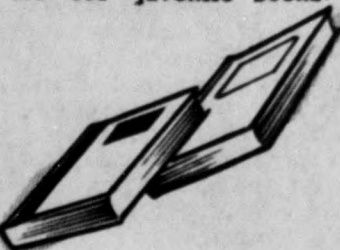

Children's Book Week is being observed this week by San Bernardino County Library, according to Mrs. Helen Kil-murray and Mrs. Dorothy Berkoff librarians of the Cucamonga - Alta Loma Montclair branches of the County Library.

The theme this year, "Go places with books", will be carried out by colorful posters and mobiles designed by illustrators of children's books. Charles Schulz' Snoopy is among the characters represented.

Young readers will find displays of new and interesting books. Lists of worthwhile juvenile books for different age levels will be available, also,

for any who are interested in children's reading, according to the librarians. Parents and children are invited to visit the library during the celebration.

The nation-wide celebration of Children's Book Week has as its purpose the promotion of children's reading. It is sponsored by the Children's Book Council, New York, an information center for juvenile books.

Pulse Of The Plaid

By Andy Wilson

Upland High

The West End United Fund drive will be on the UHS campus Nov. 19-20. The purpose is to help raise the money in the annual United Fund drive. About \$400 was raised in last year's on-campus drive.

The West End Symphony Carnival is being held on the Upland Concourse Sunday, Nov. 24, noon to 10 p.m. This is a fund raising project for the West End Symphony League. They are renting booths for \$10 to local organizations. These groups will be selling various items and using any profits for their own purposes. Several UHS clubs are participating.

The student chapter of

the American Field Service is holding a house-to-house drive for refundable bottles in Alta Loma and Upland. The purpose is to raise \$150 to support an orphan in Vietnam. The club will also receive major service project credit. Teams of three will work November 23 thru December 15. John Chicarelli is in charge of the drive.

David Beltramo

ONTARIO - Army Private David R. Beltramo, 21, son of Mr. and Mrs. David R. Beltramo, 1233 Deodar, Ontario, was assigned Nov. 2 to the Defense Atomic Support Agency at Sandia Base, Albuquerque, N.M., as a personnel specialist.

Navy Waiting Period 'Cut'

AT A MINIMUM -- Petty Officer Bob Kapherr of the Ontario Navy Recruiting office announced that the usual long waiting list for the regular Navy is now at a minimum. He is now accepting qualified enlistments for the next 2 months.

For further information, call him at 984-8624.

UPLAND, CALIF.

Aim at 3,125,000 Miles Local Joggers Participate In Y Anniversary Run

Thirty joggers here are part of a mass of 25,000 YMCA runners in the U.S. who aim to clock 3,125,000 miles by April 26, 1969.

Mike Myers, program director of the Ontario-Upland YMCA said that local joggers here are participating in the YMCA's 125th Anniversary Run. The event is intended to serve two purposes, Myers said, to dramatize the health benefits of running and jogging to call attention to the YMCA's Anniversary in 1969.

Myers explained that runners are organized into teams of from 10 to 100. The Ontario-Upland YMCA has entered one team, with 30 individual joggers. More than 450 teams in YMCA's throughout the country make up the 25,000 individual runners participating, he said.

Each jogger is required to complete 125 miles in lap around a YMCA track. The 125 miles, keyed to the 125th Anniversary, may be completed over a 25 week period.

The Run is not geared to track stars, Olympic or otherwise, Myers points out. It is meant primarily for a maximum number of YMCA members, whether experienced runners or first-timers, he said. A condition of participation is approval from a physician. A physical conditioning phase of five weeks preceded start of the actual run, which began Nov. 4th.

Run rules limit maximum distance that can be

credited for any 24 hour period to three miles, with six miles the maximum any jogger can tally in any week. Minimum continuous distance to count toward the total is one mile, Myers said.

All distances must be covered by running or jogging. Walking rest periods can be taken when needed but walking does not apply toward accumulated distances. All runners completing 125 miles by April 26 will receive awards, he said. Teams with 100% completion receive certificates.

A major objective of the program is to build the YMCA's national running and jogging program and to provide a "laboratory" for educational and scientific purposes, Myers explained.

Jeeps, Musicals Featured For Club

Two programs are on tap for the Upland Woman's Club Tuesday.

At 12:30 Miss Mabel Breneman will introduce Mrs. W. P. Haas who will show pictures of trips in Jeeps and sandbuggies. Her program "We Love Our Jeep" was a prize winner in the Euclid Avenue Camera Club annual contest.

Following the meeting the Drama Section will give a musical, "Tea-room Minstrellette". Members taking part are Mmes. C. S. Stowell, Harry Wright, Robert Jones,

Bertis Gauny, Douglas Blackie, Thomas Kincald, Maude Graham, Floyd Chambers, F.H. Jacobs, Mrs. Calvin Shores will be the accompanist, Mrs. Anthony Trilevsky is chairman of this section.

Mrs. Wesley Cummings and Mrs. B. M. Pace will use fall roses to decorate the tea table. Hostesses will be Mrs. Jess Cliffolelli and Mrs. Thomas Photos. The tea chairmen are Mrs. A.A. Barth and Mrs. Thomas Kincald assisted by the November committee.

The children wrote reports and made posters advertising books which they had especially enjoyed reading. Those who were chosen to tell about their favorite books during the program were Nancy Gavigan, Marian Johnson, Stephen Kuhn, John Auhelet, Diane Kessler, Carrie Amick, Sherry Herndon, Linda Goggin, Michael Maust, Randy Crow, Tina Cordeiro and Melinda Hoffman.

Citrus School Observes National Book Week

Students at Citrus Elementary school joined this week with children all over the United States in celebrating Book Week. They presented a program which included a play, choral readings of poetry, and telling about favorite books.

The play, The Lad and the North-Wind, is based on an old fairy tale. The Storyteller, David Fox, related the story while Douglas Miranda, the Lad; Mark Lehman, the Mother; Mark Hale, the Grandfather; Jim Moore, the North Wind; and William Evans, the Innkeeper acted it out.

The verse choir, directed by Kim Cook, Pam Frye, and Valerie Vanden Heuvel, recited Books by Walt Disney and Book Houses by Anne Fellows Johnson. Soloists for the first poem were: Stephen Kuhn, Gregg Hoyle, Marian Johnson, Sherry Eix, Stephanie Lucas, Melinda Clark, Suzanne Lloyd, Claudia Laughlin, Tom Dryden, and John Auhelet.

Soloists for the second poem were: Diane Kessler, Carrie Amick, Sherry Herndon, Linda Goggin, Michael Maust, Randy Crow, Tina Cordeiro and Melinda Hoffman.

The children wrote reports and made posters advertising books which they had especially enjoyed reading. Those who were chosen to tell about their favorite books during the program were Nancy Gavigan, Marian Johnson, Stephen Kuhn, John Auhelet, Diane Kessler, Carrie Amick, Sherry Herndon, Linda Goggin, Michael Maust, Randy Crow, Tina Cordeiro and Melinda Hoffman.

Hams, Carol Jaramillo, Gregg Hoyle, Melinda Clark, Tom Dryden, and Sherry Herndon. Ricky Du Vall was the announcer.

Book Week, officially called National Children's Book Week, is observed each year early in November. It is sponsored by the children's Book Council to encourage children to read more and better books.

Franklin K. Mathews, chief librarian of the Boy Scouts of America, and Frederick G. Melcher, an editor and publisher, originated Book Week in 1919. It is supported enthusiastically by librarians, booksellers, parents, and teachers.

In addition to encouraging children to read Children's Book Week promotes the reading of books aloud to children from their baby days until long after they have learned to read by themselves. Reading together this way serves many purposes. It helps to forge a lasting bond between parents and children. It shows children the joy and excitement of reading. If the books are chosen wisely, it helps the children to appreciate good literature. And it gives children a reason to learn to read for themselves.

The Citrus School program was presented Wed., Nov. 20 by children who have already learned to love books and to enjoy reading. All the primary grades (Kindergarten through third grade), parents and younger brothers and sisters were invited to attend. It was hoped that this performance would make everyone want to read more.

Obituaries

Thelma Lingle

UPLAND--Funeral services for Mrs. Thelma Ruth Lingle, 37, of 124 Bonnie Brae, Ontario, were held Tuesday, Nov. 19 at 2 p.m. at Stone Funeral Home. Entombment was made at Bellevue Mausoleum.

The Rev. G.S. Roney, pastor of the First United Pentecostal Church of Upland, officiated at the service.

A native of Oklahoma, Mrs. Lingle had been a West End resident since 1942.

Mrs. Lingle is survived by her father, Robert Lee Caster of Elk City, Okla.; three sons, Gary Goodman and Johnny Lee Earls, at home; a daughter, Carla Jean Goodman of Denver, Colo.; a sister, Mrs. Ray (Dorothy) Morajo of Barstow; two brothers, John Caster of Huntington Beach and Vernon Caster of Ontario; and several nieces and nephews.

Ella S. Norman

UPLAND--Funeral services for Ella S. Norman, 86, were held Nov. 16, at 10 a.m. at Stone Funeral Home. Entombment was made at Bellevue Mausoleum.

The Rev. Wayne A. Stockstill, pastor of the First Baptist Church, officiated at the service.

Mrs. Norman, who lived at 557 East Arrow Highway, died Nov. 13 at Upland Convalescent Hospital. She was a native of Arkansas, and a member of the Baptist Church in Rover, Ark. She had been an Upland resident for eight years.

Mrs. Norman was survived by two daughters, Mrs. Erchel D. Pugh of Upland and Mrs. F.M. Gillum of Wing, Ark.; four grandchildren, including Mike Pugh of Upland; four great-grandchildren; and a sister, Mrs. Lillie Lazenby of Ola, Ark.

Phillip Y Yager

UPLAND--Funeral services were held Tuesday at 10 a.m. at Stone Funeral Home for Phillip Y. Yager, 352 South Laurel Avenue, Upland, who died Nov. 16 at Ontario Community Hospital.

An aircraft mechanic, Mr. Yager, 59, was a native of Tower City, N. Dak., and had been a resident of Upland for 16 years. He was an Army Veteran of World War II.

Officiating at the service was the Rev. Kenneth L. Rusdahl, pastor of Grace Lutheran Church. Interment was made at Bellevue Cemetery.

Survivors are his wife, Trinidad A. Yager of Upland; a son, Marvin Phillip Yager of San Fernando; six step-sons, William A. Holton of Brawley, Gilbert and Frank Holton of Upland, Merlin and Raoul Holton of Banning, and Jack Holton of Lakewood; a stepdaughter, Mrs. Dale Higginbotham of Diamond Bar; 24 step-grandchildren, and four great-grandchildren.

Donald A. Paulson

UPLAND--Funeral rites were held Monday, Nov. 18, for Donald A. Paulson, 60, of 661 North 9th avenue, following his death on Nov. 16 at San Antonio Community Hospital.

The Rev. C. Richard Mitchell, pastor of the First Presbyterian Church, officiated at the service, at Stone Funeral Home. Interment was made at Bellevue Cemetery, Ontario.

An army veteran of World War II, Mr. Paulson had been employed as a salesman for D & D Motor Parts Co., Ontario; and had been a resident of Upland for 24 years. He was a native of South Dakota.

Survivors include his wife, Lucille Paulson of Upland; two sons, Donald Alexander Paulson Jr. and Dennis Dwight Paulson of Upland; a brother, George C. Paulson of Seattle, Wash.; four sisters, Mrs. D.P. Amsherry of Carthage, S.D., Mrs. John Tuttle and Mrs. Louise Viard of Pomona, and Mrs. R.J. Walton of Alta Loma; and two grandchildren.

Yule Basket Drive Begins In Upland

Plans are well underway for the annual Upland Christmas Basket program sponsored by the Parent Teacher Association of Upland Schools and the Upland Foothill Council PTA.

Donations of food or funds are being sought so the program may reach all the needy families in the area, according to Mrs. R. Nelson Palmer, chairman. Last year 97 baskets were delivered to families in need so that 522 people had a brighter holiday season.

The Christmas Basket committee works with the school nurses, welfare department, Los Olivos, and churches to secure names of the needy. The names are checked and double checked to insure that only

those in need receive assistance.

A drive for canned food will take place at all Upland schools between Dec. 10 and 19. Other items, such as meat, fresh vegetables, fruit, milk and bread are either donated by local merchants or purchased with funds donated by the merchants, service clubs, churches and individuals within the community.

"We depend on community support," Mrs. Palmer emphasized in urging Uplanders to give generously. Baskets will be packed Dec. 21 and 22 to insure delivery for Christmas.

Checks may be made payable to the Foothill Council PTA Christmas Baskets and mailed to 752 Silverwood, Upland, 91786.

Reviewer Lauds Rigoletto Voices, Deplores Acting

By Bill Barna

On Saturday, November 16, the West End Opera staged its first production of the season "Rigoletto." Directing was Stephen Petroff.

On the whole, the effort could best be described as moderately successful.

Nathan Rundlett's ringing baritone brought power and conviction to the arias of Rigoletto. His duets with Gilda were artistic tour de farces. Rundlett subdued his bigger voice to blend beautifully with Delphine Fahringer.

There was very little fault to be found with the vocal efforts of anyone in the cast.

Richard Starrf as the philandering Duke was quite up to handling the difficult run and climactic high "C" in "La Donna

Mobile". Fahringer's soprano came through beautifully in the middle range but the voice became dry and pinched in the rarified air of Gilda's high coloratura trills and runs.

The brightest spot of the evening was provided by Duanne Forrest as the murderous Sparafucile. Here is a true bassopropundio voice, deep, resonant, but with remarkable projection and musicality. This gentleman should go a long way.

The famous quartet of the final act was very well conceived and executed. Betty Jackson, as Maddalena, blended in admirably with the other participants.

The production left much to be desired dramatically. The devil-may-care, lecherous and lusty Duke did not seem

to be having a very good time. Rigoletto's rage and humiliation failed to touch the heart. Here were a group of people, costumed and singing well, going through a prescribed ritual. Grand Opera is drama. It must be vital, living, involving the audience. In the final act, as the suspense built toward the murder of Gilda, you could finally feel the involvement of the audience and the opera lived. But this was too little and too late.

Upland is fortunate to be able to see live opera. Our bigger neighbor, Los Angeles, has no regular repertory company. Maestro Petroff and company should be complimented on a good production.

But next time, let's hope the acting might be just half as good as the singing.

Letters To The Editor

Dear Editor:
Regarding beautification -- Citizens of Upland -- Do you have pride in the Euclid Ave. entrance to our City?

Do you want to see a gasoline service station facing you as you enter from Ontario?

Upland went to great lengths financially to beautify the center parkway at that entrance. Now, will you picture the eyesore of a gasoline station which is being considered to be located on the Northeast corner of Euclid and Seventh street?

There are now 6 gasoline stations on Euclid in Upland. Let us keep our beautiful, tree-lined avenue from becoming just another gasoline alley!

Be at the Planning commission meeting on Nov. 27 and vote against this added desecration of our lovely avenue.

Thanking you,
Mrs. J. B. Swingle.

COOKING HINTS

Try serving apple desserts, such as brown Betty, apple cobbler, apple dumplings, and apple pie, with a spiced whipped cream, made by adding a dash of cinnamon, nutmeg, or allspice, and a little vanilla.

Cheese improves the flavor of many foods. For example, try adding a little cheese to the pastry when making apple pie. Also, add a bit of grated cheese when making scrambled eggs.

Never allow fresh meats to remain in paper or paper trays. The paper absorbs juices.

JOGGING -- Keeping fit by jogging at the YMCA in Ontario are "Skip" Runner, Mike Myers, Howard Snider and Carol Hertzell. They are part of a group

hoping to break records for logging the most jogging time in the area.

Data Design Lab Contracts Pass \$1 Million Mark

Data-Design Laboratories (OTC) of Cucamonga, has been awarded contracts for more than \$1 million by the U.S. Navy since the beginning of the company's fiscal year July 1, according to Edmund W. Baker, president.

The most recent award, for \$120,000 from the Naval Ship Missile Systems at Port Hueneme, specifies development of airborne electronic countermeasures equipment. Study and analysis contracts totaling \$150,000 have been received from the Navy Ordnance Systems Command for missile and gunfire control systems. Baker said the company is strengthening its internal capability in the field of electronic countermeasures in anticipation of increased business in this area.

Other contracts awarded by the Navy deal primarily with personnel training and testing, and documentation management in conjunction with Naval weapons systems. The largest, for \$400,000, involves the FBM Weapon System (Polaris/Poseidon) publication coordination program. Another, for \$219,469, specifies development of simulated submarine casualty control exercises, and additional testing/training aids for the FBM weapon system.

Data-Design is a designer and manufacturer of electronic countermeasures equipment, communications systems and related documentation. The company also manufactures, modifies and services parts and components for helicopters and light aircraft.

Concert Dance Theatre 'Alice in Wonderland'

Sunday afternoon at 1 p.m., the Valley Concert Dance Theatre will perform their version of "Alice in Wonderland" for patients at Pacific State Hospital.

Valley Concert Dance Theatre is a civic, non-profit organization composed of a small group of dedicated dancers. They have appeared in concert in the Riverside and Los Angeles areas. The dancers have received training scholarships from the New York City Ballet Co., the Harkness Ballet Co., and the San Francisco Ballet Co.

Their purpose is to provide stage and performance experience for their dancers and to introduce the lively art of dance to audiences in our area.

The cast of "Alice in Wonderland" includes Jacqueline Burggraf as Alice; Chrissy Rodriguez, Kitten; Lori Brown, White Rabbit; Denise Warner, Flower fairy,

and Roberta Burggraf, Queen of Hearts.

Also performing are Barbara Jeanne Billingsley and Lisa Skinner as elves; Sharlene Clarke, Pam Cumble, Elizabeth Miller in the caucus race; Joellen Dunzweiler, Dolores Houston, Cynthia Joy Malley, Mary Mays, Johanna Shapiro as flowers; Anne Carolyn Billingsley, Sandra Bowman, Lori Jean Grant, Karen Hawkins, Raquel Jacinto, Colleen Schultz, Lisa Jane Sloan as cards and Dana Warner, Lisa Frampton and Vana Harte as jokers.

New Members

New members of the Upland Chamber of Commerce are, Ron White, Bob Sorrells, Jack De Hart, and Bob Hender-son. They were welcomed at the Halloween breakfast meeting, by Ted Lyman, Fireball 12 chairman.

President Guest Legion Auxiliary

Angelina M. Wilson, President of the 25th District American Legion Auxiliary was honored guest at the November meeting of the Upland Unit #73. In her talk to the unit she stressed the purpose and importance of the Units within the Auxiliary.

Edith Howerton, distinguished guests, chairman, presented Mrs. Wilson with a corsage and gift from the Unit.

Other guests were Lois Green, 1st Vice President, 25th District and Mildred Ford, Treasurer--25th District. During the session, Mrs. Francis Rogers, Americanism chairman, reported that Girl Scout Troop #112 of Upland was presented an American Flag by the Unit.

Boy Scout News

BIG HORN DISTRICT
BIG HORN DISTRICT Annual recognition dinner for Big Horn District, which includes Fontana and Etiwanda, will be held in December with the place and date to be announced.

Anyone eligible for the Scouter's key or award is asked to contact Bob Steele, training chairman, so it may be presented during the dinner. Camping awards, Cub summer program awards and Fall Roundup awards, among others, will be presented.

NEW COUNSELOR
James Van Auker, 17-481 Granada Dr., Fontana is the new merit badge counselor for public speaking. His phone number is 822-6544.

Upland Cancer Group Sates Meeting Dec. 3

Mrs. Dale Gross, Chairman of the Upland Memorial Cancer Dressing Station, has received notice of a change in area headquarters - now located in San Bernardino. The cities composing the area remain the same.

Visiting at our December meeting will be Mrs. Mary Lou Ginther, executive of the Covina Area Office of the American Cancer Society.

The next meeting will be held on Tues., Dec. 3 at 611 North Third ave. hours 9:30 to 2:30 (optional), with time for a sack lunch at noon. Tea, coffee and dessert will be furnished.

For further information, call 982-6003 or 982-2677.

Our Dodgers Plan New '69 Look

The New-Look Dodgers in the New-Look National League will play on a New-Look ball field in 1969.

Home plate is being moved ten feet on a direct line toward center field and all fence measurements, except the foul lines, will be about ten feet shorter.

Dead center field will be 400 - feet from home plate instead of 410. The power alleys in left and right center field will be reduced to 375 feet instead of 385 and a home run into either bullpen will have to carry 360 feet instead of 370.

The fences will not be moved and will remain the same height—ten feet in front of both the left and right field pavilions as well as the bullpens. The foul poles will be about one grandstand section closer to the bullpens. They will still be 330 feet from home plate, however.

Work on the creation of a new home plate area, pitching mound and infield area along with changing the foul lines, will begin immediately. This will give the newly-laid sod a chance to grow strong by opening night next April.

The Dodgers have out-homered the visiting teams in four of their seven years in Dodger Stadium but have averaged only thirty-five circuit smashes a season at home while hitting an average of fifty-eight each year on the road.

FIVE-YEAR STREAK OF FOUR - TIME DODGER KILLERS ENDS.

For the first time since 1962, no opposing pitcher was able to defeat the Dodgers four times in a season.

There were eight three-game winners against the Dodgers in 1968, led by Tom Seaver of the Mets and Woody Fryman of the Phillies, each with 3-0 records. Only the Reds and Pirates failed to come up with a three-game winner over the Dodgers.

Pat Jarvis (Atlanta), Fergie Jenkins (Chicago), Mike Cuellar (Houston) and Ray Washburn (St. Louis) each had 3-1 marks against Los Angeles. Mike McCormick of the Giants was 3-2 and Don Wilson of the Astros 3-3. The biggest reversal of form was by Larry Jackson of the Phillies, the leading Dodger killer (27-24) among active pitchers. Jackson lost to the Dodgers four times and failed to win after turning in a 4-1 record in 1967.

Bob Veale of the Pirates, 4-0 against the Dodgers in 1967, fell to 2-2, and Larry Jaster, who set a record by blanking the Dodgers five times in 1966, was 2-2 with only one complete game in five starts.

The five-year parade of four-game winners over the Dodgers began in 1963 with Warren Spahn (Braves) 4-0 and Juan Marichal (Giants) 4-2. Marichal repeated with 4-1 in 1964, joined by Joey Jay (Reds) 4-0.

In 1965 it was Chris Short (Phillies) 5-1 and Dick Ellsworth (Cubs) 4-2. Jaster was the 1966 champion at 5-0 and in 1967 it was Bob Veale (Pirates) 4-0 and L. Jackson 4-1.

Marichal, whose 25-11 lifetime record ranks second to Jackson, led with four complete games against the Dodgers in 1968, although his record was only 2-2 and he lost for the first time at Candlestick Park after 15 wins.

The Giants had the most stable pitching rotation against the Dodgers. They used only seven pitchers and their five starters turned in 13 complete games, the league high against the Dodgers.

Cincinnati used the most pitchers against the Dodgers (14) and the Reds' six starters had the fewest CGs vs. L.A., three.

Trailing Marichal in complete games against the Dodgers were Phil Niekro (Braves), Jenkins, Cuellar Wilson and Veale, each with three.

They're Not Only Top School Scholars But Regular Boys As Well

Both of them are named David and both are national merit semifinalists scholars from Upland high school.

David Dial is the son of Mr. and Mrs. Phillip Dial, 1723 N. First and David Ring is the son of Mr. and Mrs. Robert Ring, 1510 N. Euclid.

National Merit scholar -

ars are among the top 10 percent of high school students who are graduating in 1969 and have maintained a high scholastic record throughout high school. Semi-finalists are in the top five percent of the group and in April, several hundred throughout the United States will be selected as National Merit Scholarship winners and be

awarded scholarships to go to the schools of their choices.

David Dial is attending

college now although he hasn't formally graduated from Upland high. He accumulated enough points

to graduate in three years rather than four by going to summer school. He is enrolled in at Chaffey College and plans to go to Cal Tech.

David Ring is a senior at Upland high, but takes additional courses at Pomona College. He is not sure of the school he will attend, but is thinking of Harvard or Yale.

ROWAN AND MARTIN
Even though the boys have high scholastic standings, they are not any different from other teenagers. They enjoy Rowan and Martin Laugh In and Star-Trek on TV, and participate in sports and band and are not limited to the "Book-in-the-corner" role.

Their backgrounds have always included a love for knowledge. Dial enjoyed the encyclopedia at the age of three and could read very well when he entered Kindergarten. He loved maps and in one

afternoon, memorized all of the state capitols in the United States, gaining knowledge to him was child's play. Besides books, he loved classical music. His grasp of concepts came early and he had a natural bent toward learning.

BROAD VOCABULARY
The life of Ring parallels Dial's with just a little variation. He knew 250 words at the age of 1 1/2 and reading came natural to him. He also liked classical music.

Their families were interested in intellectual development, but did not push it. They exchanged ideas with the boys and answered the many thousands of questions asked.

Dial is the third in a family of four, all whom are musicians or artists.

Ring is an only child whose parents treated him on an adult level from the start. Not to say he didn't have a childhood,

but their talking with him was always on an adult level.

After they entered school, they were recognized as children who would succeed intellectually. Both spent some years in private schools since it was easier for them to adjust to in this type of atmosphere.

HOBBY-CHESS

When they were in Pioneer Junior high school, their paths crossed and they became as they term it, "friendly competitors." They share a hobby of chess and David Ring collects stamps, coins and is interested in electronics.

Dial's idea of fun besides his chess game, is to take apart the family TV set, rebuild it and put it back together again which he does successfully.

They were not discipline problems either at home or school nor were

they grinds when it came to studies, their particular charm is a sophisticated naturalness.

MOTHERS HOPPING
Both mothers agree that raising children of this type is a challenge because they are one step ahead of you and offer verbal reasoning that is hard to combat, and they are beguiling.

Conversationality, they show they have insight to today's problems that don't have simple solutions. They feel no alienation from parents or society and think society is getting over its fear of the intellect.

There is no doubt they realize they face a future fraught with many complex problems, but they view it as a challenge and face it philosophically.

For if there were no hope of a tomorrow, what would be the use of a today?

PONDERING -- Thinking about their move in a chess game are David Ring and David Dial. Chess is one of the hobbies they both share.

Italian Catholic Federation Welcomes New Members

A pot luck dinner preceded the recent meeting of the Italian Catholic Federation, St. Joseph's Branch #216, Upland. 9 new members were informally initiated by District Deputy Carl Castrovinci of Glendora. They are Mrs. Humphrey Barabossa, Mrs. Maria Budicin, Mrs. Albina Lair, Mr. Luigi Carpentieri, Mr. Anthony Brandano, Mr. & Mrs. Julian Denzo, and Mr. & Mrs. Frank Morocco.

Nominations and elections of new officers for 1969 were held. New officers are: President: Mr. Joseph Palmisano; first vice president: Mrs. Albert Canestro; second vice-president: Alfonso Vagnozzi; Recording secretary: Mrs. Nick Tricella; Financial secretary: Mrs. Joseph Vagnozzi; re-elected; Treasurer: Mrs. Nicola Mannarino; Orator: Mrs. Vill-

ma Gates; Sentinel: James Paciotti; Trustees: Mrs. James Paciotti, Mrs. Antoinette Schrey and Nicola Mannarino; Chaplain: Rev. Emil Melee; Past-president: John Lombardi; Delegates to District Council: Palmisano, Lombardi and Mrs. Paciotti.

Rev. Emil Melee led the memorial services for Mr. Salvador DiOrto first vice-president who died suddenly.

Deputy Castrovinci gave a talk on the good of the order and Rev. Melee thanked all those who helped make the recent Guasti grape festival a success. President Lombardi announced that all future meetings will be held on the second Saturday of each month at St. Joseph's hall, Upland.

Gas Company tax dollars help your youngsters get there

No one likes to pay taxes. But then think of some of the worthwhile things that tax dollars provide. Like parks and schools and protection for your home and family. As taxpayers we all pay for these things.

And that's where the investor-owned Gas Company helps. We're a pretty big taxpayer. If it weren't for the taxes we pay, you and others like you would have to take up the slack.

The Gas Company's tax dollars, of course, go to support a variety of services, on local, state, and federal levels. But, just to provide you an

example, if all our 1967 tax dollars were applied to education alone, there would be enough to pay for: annual salaries of 7,230 teachers, or construction of 1,566 elementary classrooms, or construction of 1,044 high school classrooms, or construction of 313 school cafeterias, or purchase of 1,678 school buses (like the 79-passenger one shown), or total annual education cost for 94,000 children.*

So, aren't you glad we're investor-owned?

*Based on costs in L. A. City School System.

CHEER RUMMAGE SALE -- A good crowd attended last week's Cheer rummage sale held in Bill's Ranch market. Proceeds go to help defray expenses in sending packages to servicemen in Vietnam.

Upland Council Invites 5 VIC To Meeting

The following VIC's (Very Important Citizens) were invited to attend the City Council meeting on Monday, November 18, 1968:

Mr. and Mrs. John A. Gilbert, 386 Deborah Court, Upland.

Mr. and Mrs. Herbert K McLeod, 1425 No. Grove avenue, Upland.

Mr. and Mrs. Frank Duran, 293 No. 11th avenue, Upland.

Mr. and Mrs. Arthur Shearer, 371 So. Second avenue, Upland.

Mr. and Mrs. James E. Sparks, 1686 No. Laurel avenue, Upland.

Scout Heads Attend Meeting In San Diego

Representatives of the Old Baldy Council, Boy Scouts of America, will attend the Region 12 Annual Meeting in San Diego, November 15 and 16, 1968. They include Council President Dr. William Foothaker, Council Commissioner Jesse Shaner, Scout Executive Everett Muzant, Assistant Scout Executive Walt Pearson, and Executive Board Members Oliver "Jolly" Batcheller, Warren Cliburn and Dr. Robert Taylor.

Primary purpose of the meeting is to kick off scouting's new eight year program "Project '76" using as its theme "America's Manpower Begins with Boy Power." Work-shops will be held in the many phases of his program.

Featured speaker will be Irving Feist, National President of the Boy Scouts of America.

Region 12 of the B.S.A. includes the states of California, Nevada, Arizona, Utah and Hawaii. The Region's administrative headquarters are located in Los Angeles.

The Old Baldy Council, Boy Scouts of America, serves Cub Scouts, Scouts and Explorers in the Pomona Valley-Fontana areas and has a membership of over 9,000 boys. Its headquarters are located at 120 W. San Jose avenue, Claremont.

MEDIEVAL SHEPHERDESS--In a costume right out of a folk story is Biola Muniz. In "Las Posadas," the traditional Christmas play at Padua Hills Theatre she portrays a shepherdess in the "Colloquio" or Nativity play. This year marks the 37th consecutive presentation of the beautiful traditions of Christmas in Mexico at the world renowned theatre north of Claremont. "Los Posadas," playing from November 20 through January 11, begins at 8:30 p.m. Wednesdays through Saturdays with matinees at 2:30 p.m. on Wednesdays and Saturdays. Since many performances are sold out, reservations may be advisable. The Padua Hills theatre phone number is (714) 626-1288.

CP To Present Arthur Miller Play, Nov. 21

Arthur Miller's drama production "After the Fall" is being presented at California State Polytechnic College, Pomona on Thursday, Friday and Saturday, Nov. 21-23. To be held in the College Theatre, the play will begin at 8:30 p.m.

As the first production of the newly-established Repertory Theatre of Lincoln Center, New York, the play created conjecture as to whether it was autobiographical or not. Many felt that the lead character, Quentin, was actually Miller. It was also felt that the female lead in the play, Maggie, resembled the late Marilyn Monroe.

The plot revolves around Quentin's three marriages. Portrayed as a lawyer, Quentin sits on stage addressing "The Listener" (the audience) in psychoanalytic style. Fragments of the past come into his mind and are quickly replaced by the present.

Tickets will be on sale at the door on the nights of the performances, or may be reserved in advance by telephone; (213) 964-6424 or (714) 595-1241, Ext. 466.

Old Belief

According to an old Indonesian belief, rice possesses a soul, and harvesters hide their knives in the palms of their hands to avoid offending the rice goddess.

LA County Gains Million Persons Since '60 Census

If all the residents of Houston, the nation's sixth largest city, were transplanted in Los Angeles County over an eight-year period, the resulting population growth would approximate the county's increase in residents since the 1960 Census.

Security Pacific National Bank reports that the Los Angeles County population has expanded by well more than a million residents since the census. Estimates of the county's population as of July 1, 1968, are 7,101,400 (California Department of Finance) and 7,119,184 (Los Angeles County Regional Planning Commission). The census count in April, 1960 was 6,038,771.

More than 50 percent of the county's eight-year gain has occurred in just three regions: The Pomona-Foothill area, the San Fernando Valley and the Southern Coast area. Combined, the three regions have added 576,848 residents since the census.

Proportionately, the Pomona-Foothill area is the fastest growing. Its mid-1968 estimated population of 812,225 is 32

percent higher than its April, 1960 population of 615,519.

Pomona - Foothill's numerical gain of 196,706, however, was surpassed by the San Fernando Valley's 227,476 new residents. Valley population increased by 26.9 percent, from 846,384 to an estimated 1,073,860.

Population in the South Coast area increased from 699,373 to 852,039 for a 21.8 percent advance of 152,666 residents.

Los Angeles County's other rapidly growing regions are those of the Alhambra (39,949-20.4%), Whittier - Norwalk (92,967-18.3%), Beverly Hills (13,715-16.8%), Glendale (32,308 - 14.6%), Hollywood (25,325-14.2%), Santa Monica Bay (62,715-14.1%) and Adams-Inglewood (91,975 - 12.4%) areas.

Cheese It; It's Good

Sprinkle grated Parmesan cheese generously over bowls of hot tomato soup.

Add finely diced cheese to steaming potato soup; stir until melted.

This is the method found that produces the best boiled eggs: Cover the eggs with cold water and bring it to a rolling boil. Then cover the vessel, remove from the heat, and let stand for 30 minutes.

When boiling eggs, you may have found that the white often comes through the shell and spoils the taste. To prevent this, add a tablespoon of salt or vinegar to the water before boiling.

CREOLE STYLE CHICKEN

- | | |
|---|------------------------------------|
| 1/4 cup all purpose flour | 1 cup chopped onion |
| 1/2 teaspoon salt | 1 cup chopped celery |
| 1/2 teaspoon pepper | 1 cup chopped green pepper |
| 1 broiler-fryer chicken, cut in serving size pieces | 1 can (1 pound, 3 ounces) tomatoes |
| 1/4 cup salad oil | |

Combine flour, salt and pepper. Coat chicken with flour mixture. Set an aluminum electric skillet at 350°. Heat oil. Add chicken and brown it. Remove chicken. Add onion, celery and green pepper. Cook for 5 minutes. Cut tomatoes in small pieces and add to skillet along with juice in can. Cover. Turn heat to 275° and cook for about 40 minutes or until chicken is tender. To serve, skim off fat if necessary, and serve chicken with sauce in pan. Makes 4 servings.

Listen and you'll hear an exciting world of sound with the ZENETTE II

Zenith's new "all-in-the-ear" hearing aid--the tiniest and most inconspicuous Zenith aid you can buy. It weighs just 1/10 ounce, yet the Zenette II is engineered to let you tune in many important sounds you may have been missing. Come in and test-hear the Zenette II, no obligation, today.

UP, UP AND UP

If you didn't know, it will cost you six cents to mail a Christmas card this year, whether or not you seal it.

A little-noticed provision in the postal rate increases approved by Congress last year makes the rate for single pieces of third class mail the same as first class mail for the first two ounces.

Previously, holiday greeting cards could be mailed for a penny less than first class if they were unsealed and if they contained no personal message.

Add this to the recent 10 per cent hike in parcel post rates, and you get the overall feeling that the postoffice department isn't very solicitous about doing business with any patrons.

This atop the poor service you find in most communities. . . .

JUST IGNORE IT

A prominent area minister pointed the finger at the media scolding us for playing up student riots and ignoring the good deeds of the young people.

Would he prefer that it completely ignore those messes at San Fernando State and San Francisco State -- or bring them out, so that the citizenry as a whole gets so shook up that something will be done about it?

And no newspaper at any time refuses a story about the worthwhile accomplishments of the youth of today. Just pick up any paper and check through it. . . .

TAKE UP A COLLECTION

It was suggested to a group of parents at the Citrus school in Upland that they canvass the area and attempt to get donations to provide a guard for the school crossing because the city didn't feel that it could afford to spend \$1200 for a guard.

At the rate property taxes are increasing, it may set a pattern for financing the entire school costs in the future.

Somehow, somewhere, we feel that between the

school district and the city cutbacks in some unnecessary expenditures could be used to possibly save a child's life.

Elimination of the one of the many numerous administrative staff members would provide crossing guards for every school.

While most California schools are behind other states in primary reading progress, they are also considerably ahead of all states in the number of administrators in most school districts.

IT ALL DETRACTS
The City of Montclair opened one of the most attractive shopping centers in Southern California this past summer -- the Montclair Plaza.

Yet within a radius of two blocks there is an empty warehouse, a vacant building (used briefly for manufacturing campers . . . how did that fit into the zoning picture?) and to cap it off there is a gigantic slide to add to the general overall aesthetic beauty of the area.

The finger of shame should be pointed somewhere.

SOCK IT TO THE PRESS

Last month we observed National Newspaper Week -- this past week it has been "Sock It To The Press Week" -- in addition to a minister who chastized us for highlighting a small group for taking over the colleges, a city councilman took us to task for over-emphasizing a council decision to reduce the size of lots in an exclusive and potentially one of the most attractive tracts in eastern Los Angeles county.

Somehow, we have always felt that both sides were entitled to tell the story to the paper, and it is going to take a bit of doing to change our minds on this point of view.

Our most fervent hope is that the two groups can get together -- there could be permanent damage which would be detrimental to the city's businessmen and overall community development.

"Royal Gambit" Play Postponed

Because of a family emergency, the Cal State San Bernardino production of "Royal Gambit" has been postponed one week and will open on Friday, Nov. 22.

Dr. Ronald E. Barnes, chairman of the drama department, Wednesday announced the one-week postponement from the original opening date of Friday, Nov. 15.

The drama will be presented on Nov. 22 and 23 and again on the Thanksgiving weekend of Nov. 29-30. Curtain time is 8:15 p.m. in the Little

Theater on campus. The director of the play, William Slout, and his wife were called to the Midwest Wednesday by the death of Mrs. Slout's father, Mrs. Slout has the role of one of the wives of Henry VIII in the three-act drama.

Tickets are still available for the play and may be reserved by calling the Humanities Division office at the college.

To clean neglected paint brushes, first soak them in hot vinegar or mineral spirits.

County Council Seeks Names For Annual Service Awards

Awards for community service in four categories will be presented again for 1968 by the San Bernardino County Council of Community Services. It was announced by Wesley D. Bush of Fontana, chairman of the Awards Committee. They will be presented at the annual meeting of the Council in January. Entries close December 31.

The awards program of the Council was initiated last year, and William Melton of Victorville was named Humanitarian of the Year. This is presented to one person for outstanding achievement as a volunteer in the health and welfare field.

Other awards are given as follows: Individual or Department of County Government (Category 2). This is given to one employee or one department of County Government for outstanding achievement in the health and welfare field. This award was won last year by the County

public health nurses. Category 3 goes to an organization for significant contributions to the health and welfare of the community. The Junior Women of the Contemporary Club of Redlands won this award for 1967. Category 4 is presented to an employee of any voluntary or tax supported agency for noteworthy contributions to the health and welfare field. Last year's winner was Roger Sanguispe, Assistant Chief of police for the City of Ontario.

Dr. Howard Weeks of Loma Linda University is chairman of the County Council this year. It is an agency of the United Community Services.

Chairman for Upland/Cucamonga is Mrs. Grace Cole. Nomination forms may be obtained at Upland Chamber of Commerce, 886 W. Foothill Blvd., Suite F and Etiwanda Realty, 12854 Foothill Blvd., Etiwanda, California.

United Fund Goal Still Over 25 Per Cent Short

"Some \$268,697 or 74.6 percent has been collected of this year's United Fund goal of \$360,000." Chairman George W. Vinnedge announced recently. The campaign status was given at the third Report Luncheon held on Wednesday at the Ontario-Upland YMCA with approximately 40 volunteer workers in attendance.

Crusader Awards were presented to the following for their outstanding service during the current United Fund Drive: Lockheed Aircraft, Al Holmer, Gary Behunin, Don Brannon, Mrs. William J. Brew of Montclair and Mrs. Donald Miles of Cucamonga.

Two large contributions were received at this report luncheon--Sears Roebuck from Ontario and Upland contributed \$1,500. This was the corporate gift and represented a sizeable increase over last year's giving. Also, Lockheed Aircraft presented a check in the amount of \$26,133 to the West End United Fund.

The money represented a 100% increase over last year and the money was contributed through the Lockheed Employee's

Bucks-of-the-Month Club, an organization to which Lockheed employees contribute through regular payroll deductions. The money is distributed to local agencies in proportion to the number of Lockheed employees living in individual communities.

Total given in each Division was as follows: Industrial-Bruce Lanoe, Chairman-\$80,992 or 76%; Corporate Gifts-Sherwin Grossman, Chairman-\$62,015 or 97%; Education-Bob Erickson, Chairman-\$19,672 or 65%; Professional-Dick Davidson, Chairman-\$8,998 or 60%; Individual Gifts-Mrs. Elwood Chapman, Chairman-\$12,001 or 86%; Business-Gene Vaught, Chairman-\$4,236 or 53%; Division "A"-Frank Platt, Chairman-\$25,001 or 66%; Division "B"-Bill Dingle, Chairman-\$4,010 or 41%; Division "C"-Rene Blane, Chairman-\$2,997 or 38%; Special Groups-George Vinnedge, Chairman-\$48,775 or 76%.

The next report luncheon was announced for Wednesday, November 27 with location to be announced later.

ROBERT TOWERS and NICOLE JAFFE in the long-running musical, "YOU'RE A GOOD MAN CHARLIE BROWN" at the IVAR THEATRE in Hollywood where it has been playing since March 12, 1968. SCENE: Towers, who plays the near mortal Beagle hound imagines he is a fierce monster, ready to pounce on his prey, Nicole Jaffe plays Patty, the happy rope-skipping child. The musical contains all the characters from Schulz' famed comic strip, "Peanuts." There are now numerous companies of "Charlie Brown" playing throughout U.S. and Europe, including the New York co. which is now in its second year--1968.

WORKING ON THE RAILROAD

Working on the railroad used to be considered one of the most dangerous occupations 70 years ago. Today, however, the keystone of the nation's transportation industry offers "one of the safest work environments in the nation".

So said Benjamin F. Blaggini, president of the Southern Pacific, in an address before the 56th National Safety Congress in Chicago. The reason for this remarkable improvement is a multibillion dollar program of improving methods and equipment, and of training employees in safety procedures, Blaggini said.

Speaking from personal knowledge, the SP executive cited his line's emphasis on improved grade crossing protection for motorists as one way of extending safety to the public as well as the employee.

The railroads, however, cannot be satisfied, he said, with a safety record "as good as last year or the year before". A perfect record must always be the goal. As one means of achieving this, the SP president urged better policing of auto-rail crossings and more education of the public as to proper crossing procedures.

Safety is a vital public concern, and the rail industry's success in promoting it is both an encouragement and a challenge to all of us.

More Natural Gas Due SC In Near Future

EL PASO - Construction is under way on a \$118 million expansion project to supply substantial additional volumes of natural gas for the fast-growing energy needs of California and the Southwest, El Paso Natural Gas Company announced today.

Approval for the pipeline system expansion was issued October 30 by the Federal Power Commission.

The project will provide an additional 310 million cubic feet of gas daily to California, Arizona, southern Nevada, New Mexico and west Texas.

Completion of construction is currently scheduled for early summer.

Of the additional volumes of gas, approximately 154 million cubic feet per day will be delivered to Southern California Gas Company and Southern Counties Gas Company to serve the needs of southern California.

Pacific Gas and Electric Company will receive 103 million cubic feet per day for distribution in northern California.

The gas will be delivered to the California companies at the California-Arizona border.

The remainder—about 53 million cubic feet per day—will be available for customers in the other four states.

El Paso Natural is one of three out-of-state pipelines serving California. The company provides more than 50 percent of California's total gas needs. Completion of the expansion project will bring total service to California to 2.69 billion cubic feet per day on a long-term basis.

The additional volumes of gas will be supplied from El Paso Natural Gas Company's extensive reserves, including those in the prolific Delaware - Val Verde Basins of west Texas. The Delaware - Val Verde Basins, located on the southern and southwestern edge of the highly productive Permian Basin, have in recent years become a major new source of gas supply.

All expansion will be on El Paso Natural's southern system in Arizona, New Mexico and Texas. The expansion program includes construction of approximately 670 miles of gathering, field and mainline pipeline; construction of two new compressor stations; modification and/or additions to nine existing stations; installation of 316 million cubic feet per day of additional gas treating capacity; and additions to metering, communications and related facilities.

Most of the gas which El Paso Natural Gas Company sells is provided on a wholesale basis to retail distribution firms which, in turn, service individual homes, businesses and industries.

Plan Closer Cooperation Girl Scout Councils

Detailed procedures for registering machine gun, sawed-off shotgun, sawed-off rifle, silencer, deactivated war trophy and other destructive devices were announced recently by F. S. Schmidt, District Director of Internal Revenue.

The Gun Control Act of 1968 requires that weapons and devices of this type must be registered with the Internal Revenue Service by Dec. 1.

Mr. Schmidt said that copies of registration Form 4467 are available at Alcohol & Tobacco Tax and other IRS Offices.

The forms are prepared in three copies, two of which should be mailed to the Director, Alcohol and Tobacco Tax Division, Internal Revenue Service, Washington D.C. 20224. The third copy may be kept by the owner of the firearm or destructive device.

Firearms or destructive devices should not

At St. Jude Children's Hospital—

Danny Thomas Puts His Luck To Work For Sick Children!

Danny Thomas is a lucky man. So lucky that he founded the famous St. Jude Children's Research Hospital in gratitude, and to keep a sacred pledge he made when his career was at its lowest point.

His luck held up. First, he was successful in finding generous people to contribute to the building of St. Jude's. Then, he was able to interest the University of Tennessee's Medical School in staffing the hospital - and in concentrating on research, especially in the fields of leukemia and other cancer and blood-related diseases.

Again, Danny's luck came through. A research hospital is enormously expensive. The staff must be specialists of high standing in the medical field. Equipment is complex and costly. But Danny found thousands of Americans willing to join him in helping to support the hospital.

All Treatment Is Free
Thousands of out-patient treatments are given every year to leukemia-stricken children. Hundreds of others are given full-time care. AND NO ONE PAYS ONE PENNY FOR SUCH CARE. All children, all races, all religions are treated alike.

Now, Danny's fabulous luck is spreading to the specialists, and to the children stricken with leukemia. Leukemia is cancer of the blood. A few years ago, all such children could look forward to only a few more months of life—months filled with the torture and pain of the disease which kills more children in America than any other.

NOW, ALMOST 30 PERCENT OF THOSE WHOSE CANCERS ARE CAUGHT EARLY ENOUGH CAN BE SAVED. NOW, HALF OF THOSE WHO CAN BE KEPT ALIVE FOR FIVE YEARS THROUGH THE CHEMICALS THEY RECEIVE AT ST. JUDE'S CAN LOOK FORWARD TO A NORMAL LIFE SPAN.

Most doctors, and most hospitals, must refer leukemia-stricken children to one of the

Barbara McNair Joins Show For USC Fund

The delight of "If He Hollars, Let Him Go", Barbara McNair, will be a guest star in the Bob "USC" Hope Show at the Los Angeles Sports Arena, November 25, at 7:15 p.m.

Miss McNair, currently filming "Stiletto" in New York, has canceled all her engagements this month, except the Hope-USC special, in order to work on her film. Barbara was recently cited with a resolution by the Los Angeles City Council, presented by Councilman Billy G. Mills, for her ambition and dedication to her fellow man and to the field of entertainment.

The show for USC will also feature Bob Hope, Glen Campbell, Sergio Mendes and Brasil '66, Juliet Prowse and Les Brown and his band. Proceeds will provide University of Southern California scholarships for minority group students. Tickets are available at the Sports Arena Box Office, 748-6131, or at all Mutual and Liberty Ticket Agencies.

Migrating robins often advance as much as 40 miles a day to keep pace with the thaw that bring out their favorite food—earthworms.

Midi is as midi does... and this season the midi is doing the prettiest things ever. Take the midi with romantic notions for instance. If you enjoy being a girl, fashionably speaking, you'll love the new emphasis on softer detail and shaping.

Here we see Modern Deb's re-feminizing of the fairer sex. A luscious fox border, fox trimmed hood and gentle shirred back mellow the midi you can properly wear anywhere this winter. It's made of a fabric that will look just as beautifully-shaped next winter too. It's a fabric (in this case, wool) that has been treated to a special bonding process called COIN that unites two fabrics together permanently as one. The result? An outer fabric that holds its shape better because of the additional fabric underneath. A point especially important to remember for coats that receive day in, day out wear. Even your dry cleaner will tell you to look for the COIN hangtag when you shop. It's your assurance the fabric will never separate or pull apart.

Danny is hoping for the sake of thousands of children who would die were it not for St. Jude's, that his luck will hold out. He's hoping that the people to whom he writes for contributions in November will make a gift that could well help in keeping a child alive to see another Christmas!

Pencil Erasers
You can renew pencil erasers with an emery board. Roughs it up and takes the slickness away. It does the same thing for rubber door-stops and rubber-tips on TV lamps and ironing boards.

100-Mile Race At Ascot Park November 23

J. C. Agajanian announced this week that he will present a 100-mile Pacific Coast Championship race for Super-Modified and caged Sprint Cars on Saturday night, Nov. 23rd at Ascot Park in Gardena.

Agajanian has posted a record \$6,500 purse for the night's racing, making this the richest race for the speedy super-modifieds and caged sprint cars in Southern California history.

It will be the first time that Agajanian, dean of West Coast racing promoters, has staged such an event in Southern California. He recently presented the highly successful 100-mile U. S. Open Competition race on the one-mile dirt track at the former California State Fairgrounds in Sacramento.

With a \$6,500 payoff on the line, the leading drivers from all parts of the nation are expected to compete in the 100-mile 200 lap classic at the 183rd st. and So. Vermont ave. raceway.

Good Trick

Here's a good trick to keep small rubbers and rainwear from getting separated or mislaid: Give each child two sets of brightly painted clothspins, decorated with his initials in a contrasting color, to clip rubbers or boots in pairs, and rain hat to raincoat.

Costs For Sirhan Over 1-4 Million Before Trial

Up to September 30, the cost of investigating and prosecuting Sirhan B. Sirhan, the accused assassin of Senator Robert F. Kennedy, reached \$285,949, a Los Angeles County official said today.

In a report to County Supervisor Kenneth Hahn, Mark H. Bloodgood, county auditor - controller, said the costs for county departments were as follows: chief medical examiner-coroner, \$6,013; District Attorney, \$76,943; mechanical,

\$57,317; Public Defender, \$2,864; Sheriff's Dept., \$140,462; courts, \$2,350.

In a different breakdown, Bloodgood listed normal departmental operating costs charged to the Sirhan case as \$104,262; general county overhead, \$36,051; and extraordinary costs, \$145,636.

Extraordinary costs include overtime pay for the Sheriff's Dept. and Chief Medical Examiner-

Coroner's Office, alterations in the Hall of Justice (where Sirhan is jailed) and the Men's Central Jail (scene of several court appearances), travel expenses, special equipment and expert witness services for prosecution.

The trial is slated to begin in a Hall of Justice Courtroom before Superior Judge Herbert V. Walker on December 9, slightly more than six months after the slaying of June 5.

4-H GATHERING - The friendly scene above will be repeated soon when 1,650 of the nation's most outstanding 4-H Club members arrive at Chicago's Conrad Hilton Hotel for the opening of the 47th National 4-H Congress, December 1. The group pictured here were among the first arrivals at last year's session and lost no time getting acquainted. Teenagers from all 50 states and Puerto Rico attend the annual 4-H meeting.

Job Vacancy At Juvenile Hall

There is an immediate vacancy for a Domestic Services Supervisor at the County Juvenile Hall. Duties include supervision of staff and wards in the operation of laundry, distribution of clothing and household supplies; mending clothing; purchase clothing and personal supplies; inspect materials; maintain inventory and record of budget expenditures; recruit and train volunteer individuals and groups in sewing and making garments; make requisitions; make recommendations to the Purchasing Department and other parties and perform related duties as required.

The starting weekly salary is \$103.60 with step increases to \$125.60 based on time and satisfactory service. The approximate monthly salary range is \$449 to \$545. Promoted employees must receive at least a five per cent increase over present salary provided that no employee is thereby advanced in step rating.

Applicants must clearly show that they meet the following requirements: Education: Applicants must have the equivalent of graduation from high school.

Experience: Applicants must have a minimum

of one year full-time paid work experience in the sewing and laundry field related to the duties listed under the job description. In addition, women are particularly sought who have had experience working with juvenile groups. Sex and Age: This examination is open to women only who are at least 21 years of age. (Working with girls in laundry and sewing activities requires a woman.)

The examination will consist of a written test of mental alertness; a departmental work performance evaluation, and an evaluation of education, training, experience, and personal fitness for the job, based upon investigation, interview, and/or rating of the application. The written test will be given a weight of 4; the evaluation of qualifications a weight of 4; the departmental work performance evaluation a weight of 2.

The time and date of the examination will be 8:30 a.m., Thursday, Dec. 5, 1968.

Applications will be received until 5:00 p.m., Wednesday, Nov. 27, 1968.

Security Pacific Mails \$2 Million To Club Members

Security Pacific National Bank will send about \$2,587,000 to its 12,987 Christmas Club members in the River - side - San Bernardino area, reported Senior Vice President O.B. El-

lingen, administrator of the bank's Inland Division.

"Dessert Only" Potluck Dinner At Norton AFB

Sunday school teachers of the Protestant chapel at Norton Air Force Base are sponsoring a "dessert only" potluck dinner Sunday evening in the base religious education building.

The chapel will provide beverages and tableware for the 6:30 affair, participating families are asked to bring their favorite dessert.

The Sunday evening social is calculated to avail all members of the congregation the opportunity to greet recent arrivals to Norton, including Chaplain (Capt.) Gene Day and his family.

Later in the evening, a film entitled "A Trip -- Trip Where?" will be shown, dramatizing the use and abuse of drugs.

Cuca Firm, Supra Cote, Proud Of Pollution Control Plan

A custom-designed air pollution control system considered virtually 100% effective in preventing industrial fumes from escaping into the open air has been installed in the new \$3 million SupraCote coil coating plant, nearing completion at 11200 Arrow Highway, Cucamonga, 30 miles east of Los Angeles.

SupraCote, a division of Los Angeles-based Reliance Steel & Aluminum Co., will produce pre-coated steel and aluminum sheet in coils up to 60 in. wide, weighing as much as 25,000 lbs. Production is scheduled to start in December, with Frank D. O'Neill as general manager.

Coatings of virtually all types will be applied under high heat, including alkyls, vinyls, epoxies, acrylics, vinyl-fluorocarbon laminates, among others.

However, said Reliance president William T.

Gimbel, paint, chemical and other fumes from these sources cannot get away. Instead, they are trapped in a unique network of afterburners where they are mixed with gas and completely burned away in the manufacturing process.

AND NO SMOG

"As a result," he said, "nothing is left but clean, warm air. There are no contaminants to be released, no unpleasant smells—and no smog."

The pollution control system was designed and built by Hunter Engineering Co., Riverside, a division of American Metal Climax, Inc., designer-builders of the coil coating line.

It grew out of stipulations by Reliance Management that the entire coating line, including control of pollutants, must meet the nation's toughest anti-smog regulations. The toughest proved to be Los Angeles County's.

Even though SupraCote is in a less restrictive area of Southern California, Hunter engineers set out not only to meet

Los Angeles' code requirements, but to exceed them.

It is the first of its kind ever built, Hunter officials said, and like the entire coating line incorporates many new concepts.

They noted that built-in afterburners are in themselves relatively recent innovations, many coil coating lines in the United States and Europe providing neither traps for the fumes nor ways to treat them; the fumes being fed directly into the atmosphere.

Tom Collins, Hunter president, said the SupraCote line itself, more than 362 ft. long, is one of the largest in the world and the only one of its size west of the Mississippi. It is equipped with 3-roll paint applicators instead of the usual 2-roll applicators.

The prime coat oven, consisting of four zones, is 120 ft. long. The finish oven, with five zones, has an overall length of 150 ft. Electronic eyes monitor both ovens to keep the fast-moving coil strip centered exactly so

that the drying air—the gases—will hold uniform velocities on both surfaces.

Hunter engineers said the pollution control system is built around nine steel combustion chambers, one for each heat zone. They are approximately 3 1/2 ft. in diameter x 13 1/2 ft. long, lined with 4 in. castable refractory material.

Each has a large port hole connected to a chimney stack which carries the purified air to the out-of-doors.

Combustion chambers

serve a dual role.

Gas-fired, they generate the heat for the ovens—enough to maintain a constant maximum temperature of 800 deg. F.—to dry the coated steel and aluminum sheet as it speeds through the ovens at a rate of 300 ft. per minute.

And, served by an elaborate system of ducting, blowers, valves and automatic instruments to deliver the waste fumes to them, they burn off the waste which, in effect, becomes part of the heating fuel.

A new product, called PMT Tablets, now can provide cow's milk in solid form, via tablets. The product is prepared from the milk of a cow, and does not require refrigeration or special packaging, and will not sour or putrefy, even when retained for years. The tablets of milk will provide a high protein source for patients, for example, who cannot obtain liquid, or may not like fluid milk. PMT Tablets will also be produced flavored and colored for children, for use as a candy substitute.

DRINK YOUR MILK IN TABLET FORM!

Home Building In S.B. County Up In Sept.

RIVERSIDE - Building and Construction volume totaled \$21.8 million in Riverside and San Bernardino counties in September, the lowest amount recorded this year, it was reported by Security Pacific National Bank in the October issue of the "Survey of Building and Real Estate Activity," Volume 4, #10.

With three quarters of data now on record for 1968, it appears that total building and construction volume is running 8.7 percent ahead of the first three quarters of 1967 and 12.1 percent ahead of the same period in 1966.

San Bernardino County recorded a total building and construction valuation of \$13.6 million in September, down from last month and a year ago. The value of permits issued for residential construction reached \$5.9 million. Number of dwelling units included in building permits jumped 52.5 percent ahead of last year and increase by 26.9 percent from August's level. Permits issued for industrial and engineering construction slipped from their year-ago levels, while commercial building recorded an impressive 84.1 percent gain over September 1967.

Real Estate activity in Riverside and San Bernardino counties improved in most categories over September 1967. The highest percentage gain occurred in the number of lots recorded in subdivisions, up 68 percent over last year. Riverside County contributed the overwhelming majority of the two-county total. Thirty-seven percent of Riverside County's 544 subdivided lots were in the Canyon Lake development near Elsinore. Real estate sales as measured by deed recordings reached a new high for 1968, on a seasonally adjusted basis.

Holland Named Art Exhibits Chairman

SAN BERNARDINO - Fred R. Holland of San Bernardino, a longtime member of the Art Exhibits Committee of the National Orange Show, has been appointed chairman of the group for the 1969 edition of the citrus exposition scheduled for next March 6 through 16 in San Bernardino.

San Bernardino residents on the committee include Mr. and Mrs. Jack G. Allen, Mrs. Alice Dahlgren, Robert R. Harrison, Dr. Louis Knotts, Mrs. Mildred Logan, Mrs. Billie Lutz, Katherine Murray, Will Payne and Mrs. Kay Steppan.

Other members are Mrs. Fern Berardi, Fontana; Wayne Dean, Vernon Dornbach and David Lawrence, all of Redlands; Ray Miller, Riverside; and Mrs. Laurie Shepherd, Colton.

New Regional Park Expected For West End

SAN BERNARDINO—A lake-studded, 115-acre regional park for West End residents is expected to be open for use within 18 months following adoption of formal agreements here Tuesday by the Board of Supervisors.

The joint powers authority that will result in development of Cucamonga-Guasti Regional Park was executed between the board, the San Bernardino County Flood Control District and the Chino Basin Water Conservation District. The latter group is expected to approve the agreement at a meeting today.

Smith Falconer Jr., director of the Regional Parks Department, told supervisors that recent approval by the state of the county's application for \$259,001 from federal sources, "...is tantamount to federal approval."

The proposed park, which will be located north of the San Bernardino Freeway, near Turner Avenue, will include three lakes approximating 20 water-surface acres each and two lakes of 55 water-surface acres each.

5-Acres

The county's land acquisition for the park will be limited to the purchase of half of a five-

acre parcel. The remaining area is property now owned by the flood control district and the water conservation district.

In his presentation Tuesday, Falconer termed the West End park proposal, "...one of the most feasible in the county's regional park plan." He said the facility would serve approximately one million persons, now residing within 30 minutes driving distance of the park site.

Daniel Mikesell, chairman of the Board of Supervisors and representative of the Second District, in which the park will be developed, said federal funds for the project will be considered in the next fiscal year's budget.

In Summer, 1970 the grant, under a provision of the Land and Water Conservation Act, is anticipated after July 1969. With a one-year construction period estimated, the park would be open for use during the summer of 1970, officials said.

Planning and engineering of the water recreation-oriented park will be coordinated by engineers from the three participating public agencies, under terms of the 75-year agreement.

2 Day Rodeo Approved For National Orange Show

Approval for the Sheriff's Employees' Benefit Association to stage a 2-day rodeo during the 54th Annual National Orange Show to be held in San Bernardino March 6-10, 1969, has been received from the Rodeo Cowboys Association, Inc. of Denver.

A purse of \$3,000.00 in six standard rodeo events will be offered to the nation's top cowboys, according to Captain Keith Larson, General Chairman of the rodeo. The rodeo will be held twice during the National Orange Show at 2 p.m. on Saturday, March 15, and 2 p.m. Sunday, March 16.

The big rodeo parade will start at 1 p.m. Sunday, March 16, its course to be south on "E" Street to the National Orange Show Stadium.

Sheriff's Deputies will commence round-up this week when they begin the

solicitation of ads campaign for the famous, nation-wide San Bernardino Rodeo book, which serves as a program guide as well as a handsome souvenir of the Sheriff's rodeo.

"By means of the financial proceeds from the sale of advertising in the Sheriff's souvenir program and the sale of admission tickets we are able to stage such a thrilling rodeo," Larson states. "After the costs are paid the remaining money is earmarked for the association's dedicated program of assistance to the members in time of distress and for donations to many charitable organizations."

The Association is grateful for the generous support given by the citizens of the County in the past years, and feel that this is largely the reason for the repeated success with the Annual Rodeo.

GIVE HOPE — A child's face says "I'd like to walk." If that dream can come true it will be made possible by Children's Hospital and your United Crusade dollars.

Human Traffic Increases At Ontario International

ONTARIO--A total of 53,876 passengers used the facilities at Ontario International Airport during the month of October, Airport Manager Robert M. Hamilton, Jr. announced.

"The increase of 5,658 passengers over the September figure brings the volume of passenger traffic at OIA to the unprecedented high figure of 425,596 in the January through October period of this year," Hamilton said. "This brings our total number of passengers beyond the predicted 400,000 passengers for the year and indicates that further records will probably be broken during the last two months of the year."

A year ago 36,672 passengers used Ontario International Airport during October. The total for the first 10 months of 1967 was 325,572, according to Hamilton.

Hamilton pointed out that air freight increased 58.5% this month over October of 1967 with 63,039 lbs. Air express increased 41.2%, a total of 4,071 lbs.

During the first 10 months of 1968 there was a total of 148,150 aircraft movements, which Hamilton contrasted with 121,729 in the same period of 1967.

The past month's total of aircraft movements was 14,923; 21.7% higher than last October.

Kiwanis Kids' Day To Be Held At Norton

Kiwanis Kids' Day will be held at Norton Air Force Base this year Saturday, Nov. 23.

All Inland Empire children are invited to visit Norton during this junior open house, and adults are welcomed as well. Last year up to an estimated 14,000 persons attended this annual event.

Kids' Day activities will last from 9 a.m. till noon.

There will be static aircraft and missile displays, exhibits of Army and Marine equipment, a fire fighting demonstration, Air Force sentry dog performance, search and rescue teams, karate and judo demonstrations and radio-controlled model airplane flights.

Efforts are also being made to secure a helicopter "fly-by" during which invading troops would descend by lines from the hovering helicopter.

In addition, there will

be military band music and refreshment stands.

There will also be drawings for prizes. Every child who attends will be eligible to win. Prize winners will be selected by drawings from free tickets to be distributed through San Bernardino and Rialto schools.

Youngsters from elsewhere, or who lose or forget their tickets, can get more at Kids' Day.

There will be parking available for bicycles as well as cars. Kids' Day organizers suggest that cyclists bring locks to secure their wheels, as bikes should not be taken into the display area.

Organizers also ask that visitors refrain from bringing pets. In past years visitors' dogs have often become very upset over the sentry dog show.

Kids' Day is sponsored jointly by Norton Air Force Base and the local Kiwanis Clubs.

Valley Theatre Group To Perform For Patients

On Sunday, Nov. 24, at 1 p.m., the Valley Concert Dance Theatre will perform their version of "Alice in Wonderland" to patients at Pacific State Hospital.

Valley Concert Dance Theatre is a civic non-profit organization composed of a small group of dedicated dancers.

They have appeared in concert in the Riverside and Los Angeles areas.

The dancers have received training scholarships from the New York City Ballet Co., the Harkness Ballet Co., and the San Francisco Ballet Co. Their purpose is to provide stage and performance experience for their dancers and to introduce the lively art of dance to audiences in our area.

Cast of "Alice in Wonderland" -- Alice: Jacqueline Burggraf; Kitten: Chrissy Rodriguez; White Rabbit: Lori Brown; Flower Fairy: Denise Warner; Queen of Hearts: Roberta Burggraf; Elton: Barbara Jeanne Billingsley; Lisa Skinner; Caucus Race: Sharlene Clarke; Pam Cumble, Elizabeth Miller; Flowers: Joleen Dunzweiler, Dolores Houston, Cynthia Joy Malley, Mary Mays, Johanna Shapiro; Cards: Anne Carolyn Billingsley, Sandra Bowman, Lori Jean Grant, Karen Hawkins, Raquel Jacinto, Colleen Schultz, Lisa Jane Sloan; Jokers: Dana Warner, Lisa Frampton, Vana Harte.

Movie Mobile Newest Tool Of Cancer Society

The American Cancer Society's newest educational tool, the Movie Mobile, will begin a four month tour of San Bernardino County in January.

Visits by the self-contained traveling movie theater will be scheduled through April at shopping centers, libraries, banks, medical centers and hospitals, community centers, industrial plants, special events and even residential areas.

Converting to an outdoor theater, the Movie Mobile van houses movie and sound equipment, folding chairs, a canopy and other necessary equipment to bring the ACS message of hope to the public.

Many of the cancer society's educational films are included in the program, which is designed for brief 10 or 15 minute periods and can be scheduled conveniently during coffee breaks or lunch hours. Volunteers will be on hand to answer questions and literature will be available at every stop. The Movie Mobile is the latest example of the Cancer Society's extensive

public education program, and stresses the importance of a knowledge of cancer's warning signals and the necessity for early detection and treatment. The Movie Mobile program points out that one cancer patient in three is now being saved—but this could be reduced to one in two if the disease is recognized and treated in its early stages.

Public education is part of the Cancer Society's three-fold program of research, education and service and is financed through funds raised during the annual Cancer Crusade. Nearly 30 percent of the national budget is allocated to educational projects such as the Movie Mobile.

Individuals or organizations wishing to schedule additional appearances while the Movie Mobile is in the area may contact the Ontario office of the American Cancer Society at 1010 W. 4th St., Ontario, or Mrs. Arthur A. Novelli, public information chairman and board member, at 984-1193 and 626-5039.

FIRST TO BLOOM — Pretty Molly Michener, Miss Fontana, became the first community queen to enter the 1969 California Citrus Queen contest to be conducted next March 6, opening night of the National Orange Show's 11-day run in San Bernardino. Molly, 17, is the daughter of Mr. and Mrs. P. R. Michener of Fontana. She's a blue-eyed blonde and a senior at Fontana high school, where she is a member of the Pep Club, Boys and Girls on Campus Club and the Legislative Council. Her hobby is sewing and she aspires to be a homemaking teacher.

Cable Cadet Squadron 25 Will Receive Certificates

On Nov. 26, some 27 cadets of Cable Cadet Squadron 25 will be presented with certificates by Pomona Toastmasters' Club, No. 12.

The course which has been designated by the Toastmasters as the "Youth Leadership Program" offers participants the opportunity to learn effective speaking, analytical listening, and critical thinking. This seven-week program in the fundamentals of oral communications and leadership was conducted by Bill Ward and other Toastmasters.

Those cadets who successfully completed this course are: Bill Armstrong, Steven Arnett, Windy Atchison, Yolanda Briceño, William G. Culbreth, Jr., Theodore Cumberland, Claudia L. Curry, Richard Davis, and Fred Diez.

More are: James Guffey, Jr., Kevin Johnson, Christopher Knopp, John T. Lawson III, Randy Marlett, Sharon Miller, Edmund Montgomery, Marie Montgomery, Michael R. Murphy, William H. O'Blasney, Brett D. Ray, William Smith, Richard Sullivan, Philip Sullivan, Susan Van Bergen, Janet L. Wade, Alan P. West, and Lawrence C. Wolfe.

The Toastmaster's course is another effort of

the Cadet Squadron to further the training of its youth in leadership. The squadron will again resume the regular activities in air navigation, weather, military customs and courtesies, and other phases of aerospace education.

The Civil Air Patrol Cadet Squadron is now beginning a new training season and welcomes girls and boys, ages 13-18, who are interested in aviation or aerospace careers. The meetings are held every Tuesday at 7 p.m., at Cable Airport in Upland.

Cross with Care

Shakespeare wrote about the schoolboy "creeping like a snail/Unwillingly to school." But all too often that schoolboy, or girl, doesn't creep, but darts instead into the street, and into tragedy.

In view of the tragic fact that most pedestrian accidents occur to school age children crossing streets between corners, the California State Automobile Association has issued a special warning to parents, urging them to teach their children to cross only at corners or where there are approved crosswalks, and to play away from traffic. The CSEA has a good suggestion for parental behavior, too. Set a good example by observing all pedestrian safety rules yourself. Children are imitative, and if our own practices are good we will be helping our youngsters set good, life saving habits.

The University of Maine, in Orono, was founded in 1865.

UPHILL CLIMB -- San Antonio League cross-country runners begin the first leg of the junior varsity run at Mount SAC. An uphill climb most of the way Upland

Upland Harriers Chaffey Panthers Sweep Honors Escape From Cellar

Upland's three teams, following their finishes in the SAL meet, ended regular season competition with a 14-0 mark for the varsity, 14-0 for the JV's and a 13-1 mark for the Frosh-Soph squad. The varsity and JV's thus claimed the SAL championship in their divisions and the Frosh-Soph team tied Pomona for first place.

In invitational meets this year the Highlanders did exceptionally well. Azusa Invitational: 4 championships (varsity, JV, Soph, and Frosh); Chaffey District meet: 3 championships and 34 of 39 awards; Victor Valley Optimists Invitational: 5 championships (varsity won over defending CIF champion, West Torrance); and Mt. SAC Invitational: 3 championships.

WALNUT-Upland High School proved itself the dominant power in San Antonio League cross-country competition Thursday by becoming league champions in the varsity and junior varsity divisions and tying with Pomona for the league crown in the sophomore division in the league finals at Mt. SAC. Upland took five of the first six places in the varsity race led by Angus Gordon's outstanding winning time of 10:33, which breaks the course record of 10:35 set earlier this year by Fred Ritche of Salesian.

Highlander Bob Sos captured second place at 10:42.5, followed by John Gregorio of Ganesha who finished third in 10:44. Upland's Joe Rodriguez, Doug Slater and Stan Self placed fourth, fifth and sixth, with Chino's Phil Bravo taking seventh and Mark Elias of Claremont in eighth.

Upland's nearest team competition came from Claremont, which took second with 59 points to Upland's 18, and Chino which took third with 60 points.

Dewey Szemenyei, John Henderson and Mike Humphreys placed 1-2-3 for Upland in the JV race to defeat its closest competitor, Claremont, 21-39. Placing third was Chino with 61 points. Top performer for the Cowboys was Kelly Dunnagan, who took sixth in the race. Pomona captured first in the frosh-soph race by dropping four of their top varsity runners down to that division. Upland, which was undefeated in dual meets, took second to the Devils, thereby making the Highlanders and Pomona SAL co-champs in the frosh-soph division. Winning the race was Pomona's Steve Koenig at 11:39.

Top men for Upland were Bob Newman and Pete Keeney who placed seventh and eighth. Montclair was third with 73 points, paced by the performance of Chris Constantino in placing fifth.

took the lead at the halfway point and never let up with three Highlanders finishing one, two, three at the end of the 2-mile trek over hill and dale.

SAN BERNARDINO--Chaffey College won the mythical San Bernardino County JC football title here Saturday night and escaped the Southeastern Conference cellar by defeating San Bernardino Valley College, 14-7, at Orange Show Stadium.

Panther quarterback Dan Serrato, who completed 7-of-17 passes for 40 yards, lofted two first-half touchdown passes to account for the visitors' scoring as the two teams battled to a scoreless draw after halftime.

Bob Nichols, Joe Piccoli and Ron Remple spearheaded a determined Chaffey defense that limited SBVC to only a first-period touchdown.

Chaffey College's defensive unit set up the Panthers' two first-half touchdowns.

After end Bob Nichols recovered a SBVC fumble on the hosts' 16-yard line, it took the Panthers four plays to score for the first time this season in the initial period of play. Quarterback Dan Serrato passed three yards to end Al Barkley for the six points and the Bruins kicked the extra point as Chaffey went out in front, 7-0.

But SBVC tied the score with 2:51 left in the quarter when speedy John Cain took a lateral pitch-out and raced 82 yards for a touchdown. Keith Bailey kicked the extra point.

After Rodo Bublitz of Chino intercepted an Indian pass and returned it

50 yards to the SBVC 18, the Panthers went out in front again when Serrato passed seven yards to Pat Quinn for another touchdown with 21 seconds left in the half. Bruins' conversion made it 14-7.

The first half was highlighted by long runs as the Indians' Cain sped 65 yards in the second period before being caught on the Chaffey 15 by safety Dave Huey and CC's Jeff Wingate rambled 49 yards for the Panthers' longest run of the season.

Wolfpack Clears Final Hurdle Wins Handily Over Upland

UPLAND--Sharp passing by quarterback Craig Ducey plus the running and receiving of back Blane Warhurst paved the way to a hardfought Claremont High School

victory over Upland, 20-9, Friday night in a San Antonio League varsity football game. Ducey completed 7-of-16 passes for 233 yards and one touchdown.

Braves Breeze To Final Victory

ALTA LOMA -- The Alta Loma Braves closed out their worst campaign since coach Forrest Anderson took over the head job four years ago with a convincing 19-6 win over Sierra Vista.

The win put the Braves over the .500 mark for the season. After a dismal start the Braves came back to finish the Hacienda League season with four straight wins to finish with a 5-2 mark.

If one looks back on the league season it was that 12-0 loss to Gladstone that might have cost AL a share of the title.

On a muddy field Friday night the Braves took advantage of eight Sierra Vista fumbles in the first half to score all their 19 points.

A fumble after a Gordon Youngblood punt was recovered by senior Dan Stevenson on the eight yard line. After Tom Fowles picked up six and Tony Grasso one, Fowles went off right guard for the score.

In the second quarter the Braves again capital-

ized on a fumble recovery for a touchdown. With fourth and five from the SV 21-yard line Grasso connected with his favorite target Grant Hollist for a touchdown pass.

Hollist caught all three of Grasso completions for his best receiving night of the season with 77 yards.

After the kickoff Paul Hyde recovered another Sierra Vista fumble on the 29. After a personal foul penalty halfback Jack Hermes ran a left end sweep for 15 yards and the final touchdown.

The second half was an even contest as the Dons quit making mistakes and became effective through the air and on the ground.

They finally got a TD with four minutes left in the game. Quarterback Jim Escujuri hit his split end George Martinez with a 27-yard pass run play for the score.

Alta Loma lost a score in the third quarter when an 88-yard interception return by Stevenson for a TD was nullified by a clipping penalty some 40 yards away from the play.

Claremont's victory over the Highlanders gave Coach Esper Keiser's Wolfpack a perfect 9-0 record for the year.

The Highlanders finished off the season totting a 5-3-1 record for the year. Throughout the year Upland was plagued by injuries to several key performers, among whom were back Ray Bell, end Kurt Darrow, linemen Rick Denning, Tom Winter and Greg Steele.

Coach Pat Bandy praised his squad, saying "they fought hard out there tonight, that's the way this team is, they're all hard fighters."

Highlander Steve Quinn was unsurpassed on the ground, carrying the ball 28 times for 113 yards, over 30 yards more than the entire Claremont team gained rushing.

It looked like a possible Highlander upset at the beginning of the first quarter as the Clan took the ball down to Claremont's six yard line on Quinn's rushing. Upland's first threat of the game was stopped when a Mike Bivens pass was partially blocked on a fourth and four situation from the six.

The Wolfpack then took the ball 94 yards in 7 plays for their first score of the game. The drive was sustained by two long passes by Ducey, one for 30 yards to end Greg Brown and the other for 50 yards to George Jaegar. The touchdown came

on a 3-yard run off right tackle by Warhurst. Later in the quarter Upland took the ball down to the Wolfpack's 13 yard line but the Claremont defense once more stiffened, forcing Upland to give up the ball.

At the start of the second period, Highlander Stan Bane was attempting to punt from his own 21 yard line when, after a bad hike from center forced him to delay his kick, defensive end Brown blocked the punt and fumbled it into the end zone for six points. This gave the Wolfpack a 13-0 lead at halftime.

In the third quarter, Brown was called in to punt for Claremont from his own 18. After Brown led the signals the over-eager center sailed the ball about five feet over his head, causing the ball to roll out the back of the end zone for an automatic safety.

Upland was then given two points for the safety and Claremont kicked off from its own 20 yard line. The kick rolled out of bounds on the fifty-yard line, giving Upland good field position.

Eleven plays later Bivens scored on a sneak directly after Quinn had picked up a crucial first down on the 3-yard line, night.

The final tally of the game came in the fourth quarter on an 18 yard pass play from Ducey to Jaegar.

TIGHT END Gary Turner (84) of Montclair temporarily eludes the Ganesha secondaries for a long gain after corraling a pass from quarterback Greg Campbell. Turner was a successful target of Campbell on two occasions for a total of 47 yards.

Cavaliers Stumble In Finale Secure SAL Cellar Position

UPLAND -- There was offense enough for everyone Saturday night at Highland Field as Ganesha high school helped ring down the curtain on the 1968 San Antonio League varsity football campaign with a 39-19 conquest of host Montclair.

For Montclair it was a disappointing 3-6 year and the Cavaliers' 1-6 league record entitled them to the SAL cellar.

Dean Lingenfelter, who will be hard to keep off anyone's all-league team, shared gameplaids with Robert Ferrell as the two young men combined for five of the visitor's six touchdowns.

Senior quarterback Ron Thomas played his final game for Ganesha and tossed three scoring passes to lead the victory. Ferrell carried the ball

22 times and had 97 yards rushing but was charged with a 35-yard loss on a lateral play to leave his night's total at 62 yards.

Lingenfelter caught two of Thomas' scoring passes, one for 22 yards, the other for 67 yards and wound up with 146 yards on four catches for the evening. His third TD came on a return of a blocked punt, for which he was responsible. The play covered 25 yards.

The Giants led 7-0 into the second quarter on a Thomas - to - Lingenfelter pass (22 yards) when Montclair reduced the margin to one, 7-6, when Russ Austin juggled a ball away from two defenders and then completed a 30-yard scoring pass from Greg Campbell.

The Giants came back to score 19 straight points

before the half as Ferrell scored on a one-yard run. Lingenfelter returned the blocked punt, and Thomas hit Wilbur Gatson with a 49-yard TD pass.

Ganesha had just taken over on the Montclair 49 after a Highlander punt when Thomas lofted the bomb to Gatson.

It was 20-6 at the half. Ganesha quickly upped that lead to 32-6 with only 41 seconds gone in the third quarter as Thomas threw the bomb to Lingenfelter for a 67-yard score.

Montclair, not to be outdone, duplicated the trick with a 67-yard bomb of its own with Campbell hitting Rick Rosas less than two minutes later.

Scoring
AL -- Ferrell 11-yard run off guard at 3:22 of the first quarter. Carlson kick.
AL -- Hollist 32-yard pass from Grasso at 11:18 of the second quarter. kick wide.

Orange Show Names Holland For Art Exhibit

SAN BERNARDINO-- Fred R. Holland of San Bernardino, a long-time member of the Art Exhibits Committee of the National Orange Show, has been appointed chairman of the group for the 1969 edition of the citrus exposition scheduled for next March 6 through 16 in San Bernardino.

San Bernardino residents on the committee include Mr. and Mrs. Jack G. Allen, Mrs. Alice Dahlgren, Robert R. Harrison, Dr. Louis Knotts, Mrs. Mildred Logan, Mrs. Billie Lutz, Katherine Murray, Will Payne and Mrs. Kay Steppan.

Other members are Mrs. Fern Berardi, Fontana; Wayne Dean, Vernon Dornbach and David Lawrence, all of Redlands; Ray Miller, Riverside; and Mrs. Laurie Shepherd, Colton.

Knee Patches
Brightly colored potholders make soft knee patches for a toddlers overalls.

Clean Can Opener
When cleaning electric can opener, use warm water and an oval steel wool soap pad. Rinse with clear water and dry with paper towels.

Potato Costs
Large quantities of potatoes usually cost less per pound than small amounts.

THANKSGIVING CARDS by AMERICAN GREETINGS"

FROM OUR GREETING CARD DEPARTMENT

DUE AT MELODYLAND -- The Chambers Brothers, whose first album is among the nation's Top Five best-sellers, headline a "Music of Today" show at Melodyland this weekend, Nov. 22-23-24. Appearing with them Friday, Saturday and Sunday nights are Brenton Wood (who is giving a free 45 rpm record to everyone attending), Shirley and Alfred, Senor Soul and M. C. Squared.

IN CONCERT -- Brenton Wood will appear at Melodyland Nov. 22, 23 and 24 and will give one of his records free to everyone attending the concert, which stars the Chambers Brothers.

Diabetics Can Eat Thanksgiving Dinner, Too

Diabetes Detection Week, taking place this week (Nov. 17 - 23) throughout Southern California, is scheduled each year just prior to the opening of the holiday season.

It is a particularly appropriate time, because the Thanksgiving and Yuletide celebrations provide ample proof that the diabetic, while restricted in his diet, can enjoy many of the season's culinary delights. By combining a little imagination with his usual dietary restraint, says the Diabetes Association of Southern California, the diabetic (or those who prepare his food) can create colorful and wholly satisfying holiday meals. And, it might be worth noting, the diabetic's menu could be followed by anyone who would like to enjoy the holidays, especially those watching their weight.

Thanksgiving Day dinner may consist of tomato juice, roast turkey, stuffing, green beans, hearts of lettuce, cranberry relish, and pump-

kin custard, for a total of 539 calories.

Christmas dinner - 407 calories - may consist of melon ball fruit cup, roast turkey or chicken, mashed potatoes, brussels sprouts, celery hearts, and cranberry whip with custard sauce.

For supper salad platters during the holidays serve one of the following:

Cottage cheese with chives and red beets. Cold sliced pork with apple rings (leave skin on) and broccoli.

Shrimp on lettuce, with parsley, sliced tomato and orange.

An orange-shell basket filled with red and green saccharin-sweetened gelatin.

Lobster, water cress, green pepper rings, on slices of tomato and celery hearts.

Cold sliced roast beef, asparagus on lettuce, and candlelight salad (composed of a banana, pineapple ring, Bing cherry, lettuce leaf and green pepper.)

Santa Claus Special Will Carry Gifts To Forces

Tons of St. Nick's gifts will be going to members of the Armed Forces in Vietnam by special ship this year, thanks to a joint Pentagon-Post Office Venture. A fast US cargo ship will be designated the "1968 SANTA CLAUS SPECIAL", sailing from Oakland, California next month with Christmas parcels.

To meet the sailing deadline and assure pre-holiday delivery of gifts sent with surface postage, items should be mailed during the October 14-November 9 period. They should be marked "SANTA CLAUS SPECIAL" just below the stamps.

The SANTA CLAUS SPECIAL will sail during the latter half of November and stop at Da Nang, Qui Nhon, Cam Ranh Bay and Saigon, Vietnam. It takes approximately three weeks for a fast ship to cross the ocean.

All gifts should be packed in strong containers with adequate cushioning and correctly addressed, including APO and FPO numbers.

There are several options available for mailing to the military which can save money. Post offices across the nation have free pamphlets available which outline the mailing programs for servicemen and women overseas.

Pasteurized cow's milk is not a perfect food for a cat. It can cause severe gastric complications that are difficult to treat.

Bedouins of the Sahara still prize salt as if it were gold and use it as currency, says the National Geographic.

OPENING UP JOBS

Probably the most critical problem facing America's hard-pressed minorities is that of getting work. A man can hardly find his true dignity unless he is able to earn a decent living.

To open up employment to the unskilled, enlightened unions such as the Communications Workers of America are cooperating with management in giving those people the training they need for permanent employment and the benefits of union membership. CWA and Pacific Telephone, for instance, have worked out an agreement whereby the company will set up a "special trainee" category among its employees, giving them special consideration during the early part of their employment.

After a year of this accentuated experience, the special trainees will be considered regular employees, and will become eligible for union membership.

So another door is opened for the unskilled. Hopefully many more will swing wide in the days to come.

Diabetes Check Highly Important To Fairer Sex

Women, particularly married women who have had children, should have a special interest in the detection of diabetes, according to Dr. Paul Rudnick, detection chairman for the Diabetes Association of Southern California. The association is sponsoring 65 free diabetes screening centers in the Southern California area during this week's annual Diabetes Detection campaign (Nov. 17-23).

For the first 25 years of life, the prevalence of diabetes is about the same for men and women, but after that women are much more susceptible. Between the ages of 45 and 64, the diabetic rate among women is almost twice as high as among men. After 64 the rate is again about the same, stated Dr. Rudnick.

The higher rate seems to apply only to those who have been married, but nobody knows just why. Also, women who have large babies are more likely to develop diabetes.

Some researchers

think the prevalence of diabetes among married women who have had children may be due to glandular changes that occur in pregnancy, affecting the way the body utilizes its starches and sugars. After pregnancy, many women retain the weight they have taken on while carrying their child, and the overweight are among those most susceptible to diabetes.

Other researchers have pointed out that married women are more prone than the unmarried to overeat and gain weight, and hence become targets for diabetes.

One of the reasons offered for the occurrence of diabetes among older women is menopause, but the reasons for this connection are as yet unclear.

If you and your family have not yet taken advantage of this week's free diabetes screening tests, you may call the Diabetes Association office, 483-3740, for details of your nearest center.

Close Jar Tightly

To Keep Them Fresh

If you like to keep pine nuts on hand for use in various dishes, put them in a tightly closed jar and store them in the refrigerator. If stored for any length of time at room temperature, they'll go stale.

Auto Powered Alternately By Natural Gas-Gasoline Does Job

LOS ANGELES - An automobile powered alternately by natural gas and gasoline in a dual-fuel system designed to combat air pollution and cut operating costs was unveiled (Nov. 7) by the Pacific Lighting System companies.

Clean-burning natural gas flowing from pressurized vessels would be used under conditions in which conventional motor vehicles are most apt to be pollution offenders—moderate or uneven speeds in heavy traffic or congested areas.

A simple flick of a dashboard switch converts operation to gasoline for travel beyond the range of the stored natural gas fuel. No significant engine modification is needed for the dual-fuel system, officials of Southern California Gas Co. and Southern Counties Gas Co. of California stressed. The two utilities are subsidiaries of Los Angeles-based Pacific Lighting Corp.

Demonstrating their faith in the practicality of the "dual-fuel" concept, the Pacific Lighting companies announced they were proceeding with a plan to adapt a number of their fleet vehicles to the unique system. Natural gas in liquid form (LNG) also works well in the system and is viewed as applicable to bus and truck usage.

Pacific Lighting serves more than 3 million customers in Southern California through the two distribution subsidiaries. Newsmen were shown and invited to test drive a group of fleet vehicles equipped with the dual-fuel system and were provided cost and pollution-abatement data.

"We have achieved the lowest concentration of pollutants of an internal combustion engine on a motor vehicle that we know of," said Joseph R. Rensch, executive vice president of Pacific Lighting Corp.

NO MASS MARKET
Gas company officials stressed they were not contemplating a mass-market for the dual-fuel vehicle.

Test results conducted on one vehicle, a 1968 Ford Ranchero, showed that, while operating on natural gas, carbon monoxide emissions were reduced 90% with 0.13% in the exhaust compared to 1.3% for gasoline and the state and federal standard of 1.5%. Similarly, hydrocarbons in natural gas operation were 88 parts per million versus 221

for gasoline and the legal standard of 275. Oxides of nitrogen, for which no government standards exist, were reduced to 554 p.p.m. on natural gas from 1,070 on gasoline.

Among other vehicles exhibited was a 1965 Rambler Ambassador. Adapted to the dual-fuel system after 38,000 miles in use and lacking an exhaust control device because it predated the requirement, the Rambler showed even more drastic reductions in air contaminants. This passenger vehicle tested out 0.14% carbon monoxide, 133 parts per million on hydrocarbons and 337 oxides of nitrogen while using natural gas. On gasoline, the corresponding figures were 4.4%, 825 and 1,315.

Pacific Lighting also announced it has been conducting tests with liquefied natural gas (LNG) for vehicle use. Tests of LNG, as opposed to the compressed gas approach, indicate a market application suited to continuous-use type vehicles such as buses and long-distance haul-

ers requiring few fueling locations, gas company officials noted.

Among vehicles currently undergoing tests is one fitted with an insulated tank holding 60 gallons of LNG stored at minus 260 degrees F. This supply is equivalent to 5,000 cubic feet of natural gas under standard conditions, or enough for 750 miles of travel.

Operating costs are substantially lower for natural gas-powered vehicles, it was found. Fuel costs were approximately halved. Using natural gas, one of the fleet cars averaged 14.4 miles per 100 cubic feet costing about 7 1/2 cents—not including the 11 cents road tax. By comparison, mileage averaged 13.6 miles per gallon of premium-grade gasoline costing 23 cents—not including the road tax.

Lower oil and maintenance costs also are indicated. Because of its virtually complete combustion quality, natural gas neither creates sludge in the oil nor dilutes it. The result is cleaner oil and fewer oil changes. Natural gas also

does not act as a solvent so that in passing cylinder rings it does not remove oil from the cylinder walls.

Another advantage is that natural gas leaves spark plugs carbon free for better performance and longer life. Also, engine operation is smoother with natural gas, the reason being that natural gas reaches the carburetor in gaseous form for a consistently uniform mixture with air whereas gasoline may not be perfectly vaporized and thus cause uneven combustion performance.

Costs of converting the initial test vehicles were about \$300 each but Pacific Lighting officials estimated this cost will be reduced to around \$200 with quantity conversions.

Gas company engineers assigned to the project conceded there is some power loss when vehicles are running on natural gas but said that the loss would be barely noticeable to the driver and more than compensated

for by operating cost savings.

Assisting the Pacific Lighting companies in the development of the dual-fuel system is R.W. (Bob) McJones, an automotive consultant whose early studies in their field gained industrial attention.

CALIFORNIA SPEAKS

GOV. SPIRO T. AGNEW on Calif. campaign tour—"I would rather have my foot in my mouth than my hand in your pocket."

KATHLEEN SCULLION, SF school teacher and beauty contest finalist—"A girl's looks are not really important. What makes a girl beautiful is something within her... being true, helping others."

MRS. JUDITH CRIST, Hollywood TV magazine movie critic—"The severe critics actually love the medium they criticize. They dream a dream of perfection, suffer disappointment whenever the dream isn't realized and rejoice when it is."

CAROL A. LEM, L.A.—"We know that education trains the mind and body, but for what? The question isn't 'what is education for?' but 'what is man for?'"

DRIVE AHEAD OF YOUR CAR

One of the most effective "tricks of the trade" in driving is that of driving ahead of your car.

Never be content to keep your attention on the road just ahead of your radiator. Look far ahead, advise the National Automobile Club. Look ahead to the traffic lights at the next intersection and get their timing, then you'll be able to pass through on the green without slowing or hurrying. Look ahead to where that driver is trying to force his way into the line of traffic, and then you'll be prepared for the inevitable slowing of that line. Look far ahead to where children or animals are playing on the sidewalk, and then you'll be prepared to meet the emergency of a child or animal running into your path.

The next time you get behind the wheel of your car, try this little trick of looking ahead. It will make your driving more enjoyable, and it will keep you safe.

There are 26 bones in the adult human spine.

LEGAL

ORDINANCE NO. 291
AN ORDINANCE OF THE CITY OF MONTCLAIR, COUNTY OF SAN BERNARDINO, STATE OF CALIFORNIA, ESTABLISHING REGULATIONS AND PROCEDURES FOR THE REMOVAL OF OVERHEAD UTILITY FACILITIES AND THE INSTALLATION OF UNDERGROUND UTILITY DISTRICTS.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF MONTCLAIR, COUNTY OF SAN BERNARDINO, STATE OF CALIFORNIA, AS FOLLOWS:

Section 1 - DEFINITIONS
Whenever in this ordinance the words or phrases herein are used, they shall have the respective meanings assigned to them in the following definitions:

(a) "Commission" shall mean the Public Utilities Commission of the State of California.

(b) "Underground Utility District" or "District" shall mean that area in the City within which poles, overhead wires and associated overhead structures are prohibited in a resolution adopted pursuant to the provisions of Section 4 of this ordinance.

(c) "Person" shall mean and include individuals, firms, corporations, partnerships, and their agents and employees.

(d) "Poles, overhead wires and associated overhead structures" shall mean poles, towers, supports, wires, conductors, cross-arms, braces, transformers, insulators, cutouts, switches, communication circuits, appliances, attachments and appurtenances located above-ground within a District and used or useful in supplying electric, communication or similar associated service.

(e) "Utility" shall include all persons or entities supplying electric, communication or similar or associated service by means of electrical materials or devices.

Section 2 - PUBLIC HEARING BY COUNCIL
The Council may from time to time call public hearings to ascertain whether the public necessity, health, safety or welfare requires the removal of poles, overhead wires and associated overhead structures within designated areas of the City and the underground installation of wires and facilities for supplying electric, communication, or similar or associated service.

The City Clerk shall notify all affected property owners as shown on the last equalized assessment roll and utilities concerned by mail of the time and place of such hearings at least ten (10) days prior to the date thereof. Each such hearing shall be open to the public and may be continued from time to time. At each such hearing all persons interested shall be given an opportunity to be heard. The decision of the Council shall be final and conclusive.

Section 3 - REPORT BY CITY ENGINEER
Prior to holding such public hearing, the City Engineer shall consult with all affected utilities and shall prepare a report for submission at such hearing containing, among other information, the extent of such utilities' participation and estimates of the total costs to the City and affected property owners. Such report shall also contain an estimate of the time required to complete such underground installation and removal of overhead facilities.

Section 4 - COUNCIL MAY DESIGNATE UNDERGROUND UTILITY DISTRICTS BY RESOLUTION
If, after any such public hearing the Council finds that the public necessity, health, safety or welfare requires such removal and such underground installation within a designated area, the Council shall, by resolution, declare such designated area an Underground Utility District and order such removal and underground installation. Such resolution shall include a description of the area comprising such district and shall fix the time within which such removal and underground installation shall be accomplished and within which affected property owners must be ready to receive underground service. A reasonable time shall be allowed for such removal and underground installation, having due regard to the availability of labor, materials and equipment necessary for such removal and for the installation of such underground facilities as may be occasioned thereby.

Section 5 - UNLAWFUL ACTS
Whenever the Council creates an Underground Utility District and orders the removal of poles, overhead wires and associated overhead structures therein as provided in Section 4 hereof, it shall be unlawful for any persons or utility to erect, construct, place, keep, maintain, continue, employ or operate poles, overhead wires and associated overhead structures in the District after the date when said overhead facilities are required to be removed by such resolution, except as said over-

LEGAL

head facilities may be required to furnish service to an owner or occupant of property prior to the performance by such owner or occupant of the underground work necessary for such owner or occupant to continue to receive utility service as provided in Section 10 hereof, and for such reasonable time required to remove said facilities after said work has been performed, and except as otherwise provided in this ordinance.

Section 6 - EXCEPTION, EMERGENCY OR UNUSUAL CIRCUMSTANCES
Notwithstanding the provisions of this ordinance, overhead facilities may be installed and maintained for a period, not to exceed ten (10) days, without authority of the City Engineer in order to provide emergency service. The City Engineer may grant special permission on such terms as the City Engineer may deem appropriate, in cases of unusual circumstances, without discrimination as to any person or utility, to erect, construct, install, maintain, use or operate poles, overhead wires and associated overhead structures.

Section 7 - OTHER EXCEPTIONS
In any resolution adopted pursuant to Section 4 hereof, the City may authorize any or all of the following exceptions:

This ordinance and any resolution adopted pursuant to Section 4 thereof shall, unless otherwise provided in such resolutions, not apply to the following types of facilities:

(a) Any municipal facilities or equipment installed under the supervision and to the satisfaction of the City Engineer.

(b) Poles, or electroliners used exclusively for street lighting.

(c) Overhead wires (exclusive of supporting structures) crossing any portion of a District within which overhead wires have been prohibited, or connecting to buildings on the perimeter of a District, when such wires originate in an area from which poles, overhead wires and associated overhead structures are not prohibited.

(d) Poles, overhead wires and associated overhead structures used for the transmission of electric energy at nominal voltages in excess of 34,500 volts.

(e) Overhead wires attached to the exterior surface of a building by means of a bracket or other fixture and extending from one location on the building to another location on the same building or to an adjacent building without crossing any public street.

(f) Antennae, associated equipment and supporting structures, used by a utility for furnishing communication services.

(g) Equipment appurtenant to underground facilities, such as surface mounted transformers, pedestal mounted terminal boxes and meter cabinets, and concealed ducts.

(h) Temporary poles, overhead wires and associated overhead structures used or to be used in conjunction with construction projects.

Section 8 - NOTICE TO PROPERTY OWNERS AND UTILITY COMPANIES
Within ten (10) days after the effective date of a resolution adopted pursuant to Section 4 hereof, the City Clerk shall notify all affected utilities and all persons owning real property within the District created by said resolution of the adoption thereof. Said City Clerk shall further notify such affected property owners of the necessity that, if they or any person occupying such property desire to continue to receive electric, communication, or similar associated service, they or such occupant shall provide all necessary facility changes on their premises so as to receive such service from the lines of the supplying utility or utilities at a new location.

Notification by the City Clerk shall be made by mailing a copy of the resolution adopted pursuant to Section 4, together with a copy of this ordinance, to affected property owners as such are shown on the last equalized assessment roll and to the affected utilities.

Section 9 - RESPONSIBILITY OF UTILITY COMPANIES
If underground construction is necessary to provide utility service within a District created by any resolution adopted pursuant to Section 4 hereof, the supplying utility shall furnish that portion of the conduits, conductors and associated equipment required to be furnished by it under its applicable rules, regulations and tariffs on file with the Commission.

Section 10 - RESPONSIBILITY OF PROPERTY OWNERS
(a) Every person owning, operating, leasing, occupying or renting a building or structure within a District shall construct and provide that portion of the service connection to his property between the facilities referred to in Section 9 and the termination facility on or within said building or structure being served.

(b) In the event any person owning, operating, leasing, occupying or renting said property does not comply with the

LEGAL

provisions of subparagraph (a) of this Section 10 within the time provided for in the resolution enacted pursuant to Section 4 hereof, the City Engineer shall post written notice on the property being served and thirty (30) days thereafter shall have the authority to order the disconnection and removal of any and all overhead service wires and associated facilities supplying utility service to said property.

Section 11 - RESPONSIBILITY OF CITY
City shall remove at its own expense all city-owned equipment from all poles required to be removed hereunder in ample time to enable the owner or user of such poles to remove the same within the time specified in the resolution enacted pursuant to Section 4 hereof.

Section 12 - EXTENSION OF TIME
In the event that any act required by this ordinance or by a resolution adopted pursuant to Section 4 hereof cannot be performed within the time provided on account of shortage of materials, war, restraint by public authorities, strikes, labor disturbances, civil disobedience, or any other circumstances beyond the control of the actor, then the time within which such act will be accomplished shall be extended for a period equivalent to the time of such limitation.

Section 13 - PENALTY
It shall be unlawful for any person to violate any provision or to fail to comply with any of the requirements of this ordinance. Any person violating any provision of this ordinance or failing to comply with any of its requirements shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding Five Hundred Dollars (\$500.00) or by imprisonment not exceeding six (6) months, or by both such fine and imprisonment. Each such person shall be deemed guilty of a separate offense for each day during any portion of which any violation of any of the provisions of this ordinance is committed, continued, or permitted by such person, and shall be punishable therefor as provided for in this ordinance.

Section 14 - CONSTITUTIONALITY
If any section, sub-section, sentence, clause or phrase of this ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this ordinance. The Council hereby declares that it would have adopted the ordinance and each section, sub-section, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, sub-sections, sentences, clauses or phrases be declared invalid.

Section 15 - PUBLICATION
The City Clerk is hereby directed to cause this ordinance to be published by one insertion in the Montclair Tribune, a newspaper of general circulation printed, published and circulated in City and hereby designated for that purpose by the Council.

Section 16 - EFFECTIVE DATE
This ordinance shall take effect and be in force thirty (30) days from and after its adoption.

ADOPTED this 18th day of Nov., 1968.

/s/ Harold M. Hayes
MAYOR OF THE CITY OF MONTCLAIR

ATTEST:
/s/ Barbara D. Williams
CITY CLERK OF THE CITY OF MONTCLAIR

STATE OF CALIFORNIA
County of San Bernardino
CITY OF MONTCLAIR

I, Barbara D. Williams, City Clerk of the City of Montclair, DO HEREBY CERTIFY that the foregoing is a true and correct copy of Ordinance No. 291 of said City, which was introduced at a regular meeting of the City Council on the 4th day of Nov., 1968, and finally passed not less than five (5) days thereafter on the 18th day of Nov., 1968, by the following vote, to wit:

AYES: Hayes, Rowley, Soper, McClure, Jones
NOES: None ABSENT: None

Never Too Old To Learn, BPW Members Told

A person is never too old for an education stated Mrs. Barbara Cook at the November dinner meeting of the Upland Business and Professional Women's club held last week. Mrs. Cook is a counselor for the Division of Continuing Education at Claremont college.

*Educational opportunities for the mature woman are unlimited. Through continuing education women can upgrade their career and enrich their lives, Mrs. Cook said, adding the idea that a woman going back to school is often a family affair and for a woman to undertake this step she needs self-confidence, self-discipline, humility, and courage.

Three new members were welcomed into the Upland Club. These women include: Mrs. Sibyl Campbell, Mrs. Mona Campbell, Mrs. Mona West, and Mrs. Helen Poppy.

Serving the club as finance chairman is Mrs. Rubie Roland.

December meeting is to be held on Dec. 12, at Chaffey College, and the Dec. Board meeting to be Dec. 4th at the home of Francis Barks.

Superstitions

Never look directly at a full moon until you have first looked at it over your right shoulder if you wish to have good luck for the duration of the moon.

Make a wish over your left shoulder on the first star you see at night, and the wish will come true.

It is bad luck to point at a star.

Cable Commuter Airlines Names Nazim To VP Post

ONTARIO - A burgeoning growth, a desire to put the customer first at all times, and a "fortunate set of circumstances," have brought about the latest management appointment at Cable Commuter Airlines.

President Roger Cable announced that Gengiz Nazim, 29, recent Manager of Interline Sales International for TWA, on the Passenger Sales Marketing staff in New York, has accepted the position of Vice President in charge of Passenger Services for Cable Commuter Airlines.

Born of Turkish parents in Cairo, Egypt, Nazim received his primary education in English schools in Cairo, and his secondary schooling in Lebanon, where he graduated in 1958.

In 1960, after a trip to the United States, Nazim enrolled in Eastern A and M College, Wilburton, Oklahoma. Adapting quickly to the American way - to-life, he both played football and worked his way through college. Graduation from the University of Oklahoma in 1965 earned him a Bachelors Degree in Political Science with minors in French, chemistry, and mathematics.

Nazim, even in his part-time school employment, seemed destined to become a part of the airline industry. School jobs included such positions as reservations agent in Los Angeles, campus sales representative at the University of Oklahoma, transportation agent at Oklahoma City (all for TWA), and also travel agent in Norman, Oklahoma.

Upon graduation in 1965, Nazim trained under the TWA Marketing Sales Training program, at the completion of which he became Agency and Interline Sales Representative in Los Angeles. In 1967 he was promoted to the position of Senior Sales Representative, Interline Sales, Los Angeles. A year later he became the Manager of Interline Sales, International, in New York, where he has remained until his appointment with Cable Commuter Airlines.

Said Myers of the appointment, "We have a policy in our company that the passenger must at all times come first, and as we have continued to grow, we have realized the importance of creating this new passenger service post. But that is only half the job -- the other half is to find the right man to fill the position. We are confident we have the right man."

Nazim is married to the former Eileen Imrie of Midwest City, Oklahoma, and they have two children: Aysha, 4 1/2; and Eric, 2 1/2. Nazim's father, Prince M. Nazim, is head of the Public Relations Department for Alia - Jordanian Airline. His mother resides in Istanbul, Turkey.

NEW CALBE V-P... Gengiz Nazim, 29, recently appointed Vice-President in charge of Passenger Services for Cable Commuter Airlines.

OUT OF THE PAST -- The National Orange Show will produce a spectacular feature exhibit of the 1927 exposition, the Eiffel Tower, for the 54th edition of the annual citrus festival scheduled in San Bernardino next March 6-16. Here Judith Crocker, show artist, and Joe Martin, exhibit construction expert, examine photo of the tower exhibit, which had been entered by the Sacramento Chamber of Commerce.

Eiffel Tower Exhibit

SAN BERNARDINO -- France's famed Eiffel Tower will rise again at the 54th National Orange Show to do its bit to bridge the "generation gap" for those who reminisce about "the good old days."

Exhibit planners of the 1969 show, which is slated to run March 6 through 16 in San Bernardino, have had an ear to the ground and noted that the citrus exposition has not escaped being included in the list of "things were better back when..." explained Robert McClure, the show's manager.

Research into the early show exhibits produced dozens of photographs. One such award winning entry was the 1927 spectacular Eiffel Tower, from the Sacramento Chamber of Commerce. The exhibit rose to a height of about 36 feet and was adorned festively with oranges, grapefruit, flowers, ferns, tinsel and silk cloth.

"Just the exhibit to reproduce," was the unanimous opinion of Judith Crocker, show artist; Joe Martin, exhibit construction expert, and McClure.

"Every effort is being made to reconstruct the exhibit in its original state," said McClure. "A blown-up copy of the photo reveals that many of the materials used are obsolete and have been replaced with more durable and realistic materials developed since then by exhibitors, but they will not be considered if the old materials are still available," he added.

"I want everyone to see just what a 1927 show exhibit really looked like and exactly what it was made of, if possible," McClure stressed. "Viewers at the 1969 show will have a chance to decide what changes have been wrought in showmanship in 42 years."

Ramblers To Meet Spokane At Orange Stadium, Nov. 23

Coach Homer Beatty's Ramblers, the Pacific Division Champions for the second consecutive year, will play their season finale in the National Orange Show Stadium on Saturday, November 23rd, at 8 p.m. against the Spokane Shockers. This announcement came from the Ramblers' Executive Vice President, Vic Saman, who earlier indicated that the Ramblers may return after the team played an exhibition game here a month ago.

A meeting of the Ramblers hierarchy including Chairman of the Board, Charles G. Schlegel, Executive Vice President, Vic Saman and others brought the following statement. "I strongly feel that the greater Inland Empire is a strong football territory," said Saman. "We would like to reciprocate the strong backing and faith placed on our team by Mayor Al C. Ballard and the members of the San Bernardino Common Council by finishing out our regular season play in the area that shows the greatest potential in supporting the Continental Football League," he continued. "We were accorded a warm reception and we feel obligated to put on another game, which will be on a weekend night."

The Los Angeles Rams, the New Orleans Saints and the St. Louis Cardinals of the N.F.L. have supplied us by agreement with almost half our squad and produce a wide-open, crowd-pleasing and hard-hitting brand of professional football and I sincerely feel that the fans will accept and support our championship team, its players and the caliber of play. We, like many of our faithful supporters here are looking toward the future and the fact that the greater Inland Empire can be on the National Football Map."

For the Ramblers, it will be an important preparatory game to the National Championship. The Ramblers will meet the winner of the Central/Atlantic Division playoff. At present, it looks like Indianapolis and Orlando, last year's champions, will be battling for the right to meet the Ramblers.

Ticket Information: \$4, \$3, \$2 - children under 14, servicemen, one-half price. Tickets go on sale Thursday, November 14 at the following convenient locations: Sears, Inland Center, San Bernardino, Harris', San Bernardino and Riverside, Mayor's Office, Chamber of Commerce, San Bernardino Orange Show Stadium, San Bernardino, Rams Horn, Inland Center, Skinner's Restaurant, San Bernardino, Player's Restaurant, San Bernardino.

Academic Science Comes To Life For Students

Fourth Graders at St. Joseph's Catholic schools recently enjoyed a visit to Mr. John C. Belcher's Collection of prize wild animals captured by himself. Movies of the actual hunt followed by questions and discussion made this a memorable science period, for their teacher Sister Fintan, and the parents who accompanied them.

THE PAST INVADERS THE past invaded the present for Sister Carthage, her fifth graders and a few mothers who took a tour of San Gabriel Mission last week. Having studied the missions ahead of time, the students were happy to see for themselves. Many were so impressed that the souvenir postcards and literature are now being organized into projects for sharing with other classes and with parents at Open House.

GOOD SEASON

St. Joseph's Varsity football team under Coach Manuel Cortez broke previous records on campus by one game this season. The Junior Varsity team, under Coach James Tich, has had an all-win season.

GUITARISTS CAN BE SERIOUS

Each morning for the past week young guitarists have shouldered their instruments to accompany children and parents who sing lively hymns at the school Mass. Mrs. Eagleton organized the eager little band consisting of: Valerie Guard, Mary Bangert, Madonna Eagleton, Diane Reilly, and John Reilly.

The whole staff of nine sisters, two lay teachers and one secretary join in the daily worship. Bursts of song may be heard from all nine classrooms at odd moments during the day as well as at regular singing periods. Who says Christianity has to be lacking in the perennial joy of faith, hope and love?

TOUR MUSEUM

Last Wednesday, fourth grade students were treated to a trip to the San Bernardino County Museum. Mrs. Patricia McCarron and Sister Damian, principal of St. Joseph's, accompanied them on the social studies outing. According to Sister

Car Club Plans Drive

The Busch Car Club is starting a Christmas food drive to gather the makings of Christmas dinners for people who are in need in the Upland area.

The drive starts on Nov. 21 when containers will be delivered to the stores in the area. A little later in the drive, the group will conduct a house to house campaign to help finish the Christmas baskets.

This is the third year the club has done this as a project. Last year they collected 1,400 cans and goodies for their Christmas baskets.

READY FOR HOMECOMING

These Chaffey College show leaders put their best smiles forward in anticipation of homecoming, Nov. 23. They are (from left) Peggy Chaney, Claremont; Cindy Fehlman, Ontario; Val Kurdis, Ontario, and Janet Maurer, Claremont. The homecoming football game will be with Riverside City College.

Servicemen

Army Specialist Four Drew A. McGinnis, 29, son of Mr. and Mrs. Charles R. McGinnis, 1429 Gertrudita, Upland, was assigned as a switchboard operator with the 43rd Signal Battalion in Vietnam, Oct. 25.

His wife, Judy, lives in Upland.

U.S. Air Force Second

Lieutenant Ronald R. Pope of 817 El Camino Way, Chico, Calif., recently returned to Mountain Home AFB, Idaho, following 18 days of temporary duty at Ramstein AB, Germany, where he participated in North Atlantic Treaty Organization (NATO) exercises.

The unit, formerly stationed at Toul-Rosiers Air Base, was assigned to Mountain Home in 1966 following the withdrawal of NATO troops from France.

Lieutenant Pope serves as an intelligence radar officer with the 22nd.

His wife, Susan, is the daughter of Mr. and Mrs. C. C. Scoutille of Amesthyst avenue, Alta Loma.

Seaman Apprentice Robert O. Fry, USN, 19,

son of Mrs. Mertie E. Hine of 8728 Etiwanda Ave., Etiwanda has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

Sycamore Villa

The residents of Sycamore Villa Mobile Home Park, are beginning to settle down to the activities of the Fall of the year and report on their recent vacations.

The Schonbachlers, Snethens, and Doyle took a 15 day vacation together and enjoyed a stay in San Francisco, Fort Bragg and a ride on the Super Skunk Steam Rail Road to Willets and back. Washington, Seattle and back to Klamath Falls and Reno.

Russell and Leonora Hulan and their daughter Jo Ann are back from a trip to Vancouver Island, B.C.

Mrs. Harley Newman, treasurer of the Foothill Conference of American Lutheran Church Women attended a workshop at the Westchester Lutheran Church in Los Angeles. Jim and Marion Walker report that they had visitors from Parlin, New Jersey, Mr. and Mrs. William Scharff and daughters, Kathy and Laurie. While here they visited Disneyland, Sea World and took the Universal Studio tour.

Clark and Aurilla De-

Pew of space 73 have been entertaining their daughter and son-in-law, and all enjoyed a visit from the granddaughter Cheryl from Fresno also Mrs. Flora Ader from Hackettstown, New Jersey.

Cooking for the regular monthly breakfast were Jim Walker, Martin Mosley and Martha Gillett. Waitresses and helpers were: Julia Mosley, Marie Foster, Annie Roe, Zae Cummings, Lucy Morton and Jo Kaylor. There was a wonderful breakfast and a fine turn out of the residents and their guests.

Under the leadership of Chairman Edith Noonan, the regular Pot Luck Dinner at Sycamore Villa was the usual much-looked-forward to success. Ethel Graham acted as Edith's assistant and the chairmen were Irene Gustafson, Mildred Smith and Lucy Morton.

Falls Final Fling for Fun

was the theme at the regular monthly Women's Luncheon at Sycamore Villa. The tables were decorated with Fall figurines and the colored leaves had the letters of

the theme the game being to see who could guess the name of the theme first. The luncheon was well attended and enjoyed by all. Mary Herron is the chairman for this affair.

"Sew for the needy project" is coming along and well attended. 200 band-

ages were rolled for hospitals and the bed jacket making is doing fine too. They are made from old mens' shirts. Bibs for cancer patients are being worked on too.

Advance notice has been put out on the December Pot Luck as the Belongies are returning to give another wonderful evening entertainment. Everyone enjoyed their last visit in July and are anxiously looking forward to this event. The Belongies are 3 lively talented youngsters who do all kinds of dancing in authentic costumes. Acrobatics, piano, accordion, readings and singing.

Mildred Searle is visiting relatives in Ohio. Gerald and Mary Herron took a trip to Michigan recently. Gerald's sisters went with them.

READY FOR HOMECOMING

These Chaffey College show leaders put their best smiles forward in anticipation of homecoming, Nov. 23. They are (from left) Peggy Chaney, Claremont; Cindy Fehlman, Ontario; Val Kurdis, Ontario, and Janet Maurer, Claremont. The homecoming football game will be with Riverside City College.

CTA Qualifies No-Strike Policy But Issues Warning

LOS ANGELES - The 165,000-member California Teachers Association (CTA) today qualified its no-strike policy but at the same time it approved measures that, if followed by local school boards, could make teacher strikes unnecessary.

In a complicated series of resolutions adopted by CTA's 457-member State Council of Education during a two-day meeting in the Biltmore Hotel here, the teachers:

Agreed to support local associations if they

are forced to strike after "good faith" attempts failed to resolve impasse situations with their school boards.

Strengthened CTA's sanctions procedures to make it easier for local associations to obtain state and national blacklisting of their school district in the case of impasse on negotiations regarding educational and teaching conditions in their schools.

In a revised policy on "withholding of services," the CTA Council

stressed that in spite of a no-strike policy, impasse situations with local school boards have occurred in the past and will occur again.

The policy spelled out a series of other recommended procedures to be followed. These include mediation, fact-finding, voluntary arbitration, political action and sanctions.

"The Association believes that these procedures should make the strike unnecessary and recommends that every

effort be made to avoid the strike as a procedure for the resolution of impasse," the policy reads in part. However, it promises staff assistance to chapters if, "under conditions of severe stress, strikes should occur."

The resolution also denounced the use of substitute teachers or other persons hired to staff schools in which regular teachers have withdrawn services in protest of bad educational conditions for their pupils.

Jack D. Rees, CTA executive secretary, explained that the new policy on withdrawal of services is more responsive to conditions now prevalent in a number of California school districts.

"We have situations where local boards of education have refused to negotiate with teachers or agree to fact-finding or mediation," Rees said. "In some of these districts, teachers got nowhere with their boards until they threatened to withdraw services, or in

fact withdrew them. The new policy gives the state CTA staff permission to help local teachers who may find themselves in similar situations."

Rees blamed recalcitrant local boards of education and inaction by the State Legislature for the new and more militant stance by California's teachers.

He said that attempts by CTA to create an effective legal framework for meaningful negotiations have been frustrated by boards of education and

the Legislature.

For example, he pointed out, some 200 school districts in the state have ignored provisions of California's Winton Act--negotiations law--that they adopt negotiations policies.

If the path to workable and moderate approaches is blocked, more drastic moves are certain to follow, Rees said.

The Council also put CTA on record in support of a proposed new state finance program of local schools amounting to

about \$400-million next year. The new finance measure will be a cooperative recommendation of a recently organized Statewide Policy Committee on School Finance consisting of education and government leaders throughout the state.

Problem Sheets

When contour sheets are too short for the mattress, causing the mattress to bow, it may be remedied by setting in a piece of muslin about 12 inches from the top. This does not show, for the pillows cover it.

Can You Eat 28 Hot Dogs? If So, You Could Be Champ

EL MONTE - The National Outdoor Hot Dog Eating Champion Contest will be held Saturday, November 30, at high noon, at the Der Wiener-schnitzel drive thru restaurant on the corner of Nevada and Garvey in the city of El Monte, an-nounced Bud Casterline, contest chairman.

Top prize in the Der Wiener-schnitzel hot dog eating competition is \$50 and a giant championship trophy. Second prize is \$25 and a trophy; third prize is a trophy. Run-

ners-up in the contest will be awarded Bromo Seltzer.

The world outdoor hot dog eating records is twenty - seven mustard and chili dogs consumed last year by a man in Bakersfield, California. Casterline reports that that record was set during a one hour competition. This contest will run for one and one half hours. Therefore, a new record should be set.

All interested contestants must pre-register for the competition no lat-

er than 9:00 p.m., November 27, at the Der Wiener-schnitzel drive thru restaurant at Nevada and Garvey. Each contestant must file a \$2.50 entry fee. Casterline said that the entry fee was required as a result of the last hot dog eating contest when more than twenty-five contestants entered just to have a free lunch--of ten or twelve hot dogs.

Casterline recom-mends that contestants limit their hot dogs to mustard and chili dogs

and not to eat polish dogs or kraut dogs. It seems as though they fill up too fast on the kraut and polish dogs.

A special hot dog eating practice session will be held the weekend of November 23 and 24. At that time, hot dogs will be sold at .12¢ each so that interested con-estants can determine what their hot dog eating capabilities may be. Casterline said that anyone who could not consume at least fifteen hot dogs during the practice session

should save their entry fee and not enter.

For additional information call Bud Casterline in El Monte at 213/442-9425.

Shirtwaist Dress

The shirtwaist dress is back for both day and evening. To go with it, jewelers are bringing out pendants Victorian in style, elaborately scrolled, and ring watches in high dome shapes set with a sprinkling of rhinestones.

Gallery Open At Claremont

CLAREMONT - - The McAlister Center for Religious Activities at The Claremont College has opened its Downstairs Gallery for exhibition of student and faculty paintings and sculpture.

The gallery, which will be open to the public Monday through Friday from 9 a.m. to 5 p.m., is featuring as its first showing the work of Fred Schoellkopf. Mr. Schoellkopf, an alumnus of Claremont Graduate School with a Master of Fine Arts degree, has on display a number of paintings in the "op-minimal" genre.

His works, which feature large expanses of flat color, hard edges and simple geometric forms, reflect an industrial and technological scene, and serve as a comment on the dehumanization of man in the 20th Century.

Mr. Schoellkopf teaches art at the Webb School in Claremont.

Best Contribution

The use of insulation can be the most important contribution to economical home heating.

PFF Sr. V-P Named To Two S and L Groups

Roy G. Decker, senior vice president of Pomona First Federal Savings and Loan Association, has been named to two committees of the California Savings and Loan League for the current year.

Decker will serve on the School Relations Committee which makes preparations for the League's outstanding student awards, and on the Advertising and Business Development Committee.

Bob Hope USC Area Artists Display To Provide Scholarships Works At Cal Poly

Proceeds from the Bob "USC" Hope Show November 25 in the Los Angeles Sports Arena are to be used to provide University of Southern California scholarships for minority group students.

The Hope Special proceeds will augment the University's programs of aid, counseling, and recruitment for disadvantaged minority group students.

Other programs at USC include the Center for Social Action to develop leadership, Troy Camp for disadvantaged children, Tutorial Project to provide tutoring in neighborhood schools by USC students, South Central Multi-Purpose Health Services Center in Watts, and many other projects to encourage self-help in USC's urban environs.

The Bob "USC" Hope Show will be in the Los Angeles Sports Arena, November 25 at 7:15 p.m. Starring with Bob Hope are Glen Campbell, Barbara McNair, Sergio Mendes and Brasil '66, Juliet Prowse, Les Brown and his band, and Sweet Dick Whittington.

Tickets are available at the Sports Arena Box Office, 748-6131, or at all Mutual and Liberty Ticket Agencies.

Fire losses are rising rapidly in the U.S. There was an increase of approximately \$100 million in the first quarter of 1967, compared with the last quarter of 1966.

The exploitation of materials in a non-objective way will be the subject of two local artists at an exhibition of their work in the California State Polytechnic College, K-V, Pomona Library. Sponsored by the college's art department, the exhibition will be held Nov. 18 through Dec. 12.

Exhibiting will be Miss Ingrid Petersen and Dwight Richard Ryerson who have both had wide distribution of their art locally and regionally.

Instructor of art at Claremont High School and a Claremont resident, Miss Petersen's major work is in the area of stitchery and includes the creation of wall hangings.

She is a graduate of N. Zahles College, Copenhagen, Denmark, and holds a master of arts degree from Claremont Graduate School.

Ryerson is a professional sculptor and an instructor of art at Mt. San Antonio College. Also a Claremont resident, he holds a master of fine arts from Claremont, and graduated from Claremont High and the University of Southern California.

The Petersen-Ryerson exhibit may be seen Monday-Thursday 7:45 a.m.-10 p.m., Friday 7:45 a.m.-5 p.m., and Saturday 1-5 p.m. in the lobby of the Cal Poly Library.

Sleep... Sleep... Sleep

Do you have trouble sleeping? If so, you are among the 52 percent of Americans who, according to a survey, have occasional or frequent difficulty achieving the bliss of slumber through the night.

Here are some tips on how to overcome insomnia from the makers of Bayer Aspirin:

Slow down physically and mentally after the day's work is done. Make your evenings peaceful and restful. Train yourself to postpone thinking about unsolved problems until the following day.

Make your bedroom a real sleeping room: a not-too-hard-or-soft mattress, light blankets, good ventilation. If your muscles or joints ache, take a hot bath

and two aspirin tablets before retiring. Don't try too hard to fall asleep because this only increases muscle tension. Take a "don't care" attitude. Learn to anticipate sleep in a pleasant frame of mind and make going to bed a happy event.

Removing Rings
To remove a tight fitting ring from your finger, try wrapping the finger snugly in aluminum foil, making sure that you cover the knuckle. Then coax the ring off gently and slowly.

Covering Tables
Try covering old table pads for your dining-room table with adhesive-backed paper to match your furniture. It is easy to do and will make discolored and worn pads look new and attractive.

If you don't like to scrape new potatoes, then try this: Boil them until tender (but not done), slip off the skins, and then steam with butter until done.

Jelly won't jell? Try bringing it to a boil with several slices of unpeeled lemon and orange.

A few teaspoonfuls of water added to stiff icing makes it spread more easily.

Debby's Diary

Dear Debby:

Last week I went shopping with a girl friend of mine. We were looking for a skirt and sweater to wear to the next school dance. We went to several stores before we had any luck. In the last one, we were trying on some things and I happened to find something I liked so I bought it. I asked my friend if she found anything she liked and she said, no. I paid for them and we went back to my house to have a coke and show my mother. We were in my bedroom when all of a sudden my friend started to take her clothes off and under her dress she had on a complete outfit. I said where did you get those clothes. She said she took them from the store. This is how she gets all of her extra clothes. When her mother asks her where she got them, she tells her that she borrowed them from one of the girls. I really am shocked and disappointed in this girl as I thought an awful lot of her. Should I tell my mother or just let it go and never go shopping with her again.

Shoplifters X Friend

Dear X:

I don't think I would say anything to your mother and I certainly would not go shopping with her again. I would have a heart to heart talk with this girl and try to make her realize what a terrible mistake she is making. One of these days, she will get caught and the consequences will follow her the rest of her life.

Dear Debby:

I know a secret and would like to tell a person whom I know knows the same secret, but doesn't know I know. Would it be all right to discuss it with her as it is quite juicy.

Itching to Tell

Dear Itching:

When a person takes you into her confidence she certainly does not expect you to discuss it with anyone else, no matter how juicy. If she wanted you and the other person to talk about it, she would have told you both at the same time.

Dear Debby:

Last night my husband came home and told me the strangest tale. It seems that one of the salesmen at work is dating one of the girls in the office. They are both married and to top it off their spouses know all about it. They also have become acquainted and can you beat it are dating. My husband thinks this is a great idea and wants us to try it. I said nix hoping he was joking. If it should happen, what should I do to let him know I am satisfied with just one man.

No deal

Dear No:

Your husband must be kidding. Any man playing this kind of game should see a psychiatrist, he is heading for nothing but trouble. If your home life is the best you can make it, your husband will not want to look elsewhere.

Dear Dilemma:

I am really in a pickle. My best friends steady boyfriend has started to call me and ask me for dates. So far I have said no, but I really would like to date him. Should I ask my friend if it would be all right for me to go out with him and take a chance on losing her friendship, or forget about the boy all together, not say anything to her, but say no to him and tell him to get lost.

Dilemma or Delany

Dear Dilemma:

Tell the boy to get lost. If you do succeed in taking him away from your friend, what makes you

TENSE MOMENT -- Bob West of Hollywood (1) signals he's in trouble as sports racing cars dodge his spinning sports car at a national SCCA race at Riverside. Top sports car drivers will compete in year's finale Nov. 23-24, at the American Road Race of Champions, at Riverside. Other cars are, left to right, Ron La Peer, Glendale; Joe Moore, Costa Mesa; (9); Ed Luke, Phoenix and Jim Chaffey, Mt. Baldy (25).

Half Of New Hangars Brackett Are Rented

Brackett Field's new hangars are already over half-rented--this despite the fact the three new buildings at the county's

Golden West To Use Jets In December

Golden West Airlines, Van Nuys, California will be the first commuter airline to utilize 12-passenger Hansa Jets in scheduled service in the United States. William T. Dawson, Chairman of the Board of Golden West and Edward J. Chandler, Vice President and General Manager of the Hansa Jet Corporation today announced that Golden West will inaugurate jet service in early December on routes in Southern California.

Only one other commuter airline in the country has used pure jet aircraft in scheduled service.

Initially, the airline intends to use the 500 mph Hansa Jet Commuter between Santa Barbara, Hollywood / Burbank and Palm Springs with frequent daily scheduled flights.

Commenting on the need for jet service in the rapidly expanding commuter airline business, Chandler said, "We feel that Golden West is providing the commuter airline industry with outstanding leadership by stepping up to pure jet service to augment the convenient, high quality service they have developed with their propeller driven aircraft."

The Hansa Jet Commuter, powered by two General Electric jet engines, features a unique angled seating arrangement which allows passengers to ride in executive jet comfort. The cabin features stand-up walk around head space and is fully air conditioned and pressurized. Considered to be one of the most rugged and reliable aircraft ever built, the Hansa Jet is designed with a unique forward-swept wing for optimum high speed aerodynamic characteristics and superb slow speed stability. Golden West has already taken delivery on its Hansa Jet.

think he won't do the same thing to you. Who needs these kind of dates, they are as common as water down on a ducks back. If she is really your best friend, there should be no dilemma. A true friend is hard to find, why make her feel miserable and have him make an enemy out of you?

LaVerne airport were only completed last month, according to County Engineer John A. Lambie.

There are only eight single-engine aircraft and seven twin-engine aircraft stalls remaining. The county rents these at \$65 and \$120 monthly, respectively.

Seventeen of the 32 spaces provided in the new buildings are now occupied by aircraft, including three helicopters.

County Engineer Lambie, who doubles as the county's director of aviation, noted that the new Brackett Field facilities were constructed as part of a three-airport hangar development project. A

total of 116 hangars were constructed in 13 buildings at Brackett, Compton Airport and William J. Fox Airfield in Lancaster.

The hangars constructed at the three county airports were developed by Pascoe Steel Corp.

Under terms of a 10-year agreement between the county and Pascoe, the developer built the hangars and is leasing them back to the county for operation and maintenance. Revenues derived by the county from sub-letting the hangars covers lease, maintenance and operation expenses. At the end of 10 years, the hangars revert to county ownership.
